This document was written by one person, I am going to keep myself anonymous to protect the other people who have contributed evidence to this doc. Anyone mentioned in this doc who is uncensored is a current member of this server and someone who enables all the behavior detailed.
IF I need to, I will come out about who I am and why I wrote the doc, but I don't think I'll need to, because if CA actually wants to change his behavior, he will understand that this doc wasn't made to slander him or ruin his image. It's a collection of behavior that needs to change. CA needs to take a serious look at himself and make adjustments to his behavior, the way he interacts with people, and the topics he writes about.
There is a right way and a wrong way to make fanfiction. Do not be the person that has to be called out like this.

This document is a collection of evidence against **Cowboy Alchemist**. He is an adult fanfiction writer who is in the Amphibia, The Owl House, Gravity Falls and MHA fandoms majorly, as well as a few anime fandoms.

The claims in this document are all backed up with proof. Anything we cannot prove 100% will not be included unless we can prove it. This doc may be edited several times to fix anything missed while writing or to add new information.

-pedophilia mentions
-nsfw art of underage characters
-misogyny/harmful mindsets
-moral hypocrisy

The claims against him will start from the worst offenses to the less serious offenses. You can find each section in the document tabs to keep it clean and organized. Please view this document on a laptop/pc to see the screenshots and evidence clearly.

**Personal claims against CA:**
Art involving minors in several sexual situations, writing smut fanfics with **underaged** characters, **blatant misogyny** in his jokes, fanfics, and server.

**Server claims against CA:**
**Allowing lesbian fetish** art in his server (while not allowing things like mlm/gay shipart or nsfw art), having a **completely unmoderated server** and allowing his members to run wild, post heinous things, and indulge in harmful mindsets and fetishes.
*In short: homophobia.*

**Touched on briefly:**
Not being able to take criticism about his writing, being unnecessarily rude to fans, being a hypocrite, being completely unoriginal and ripping off other media without changing anything, surrounding himself with yes-men, every OCxCanon being a self-insert, and overall being a horrible writer.
***This is not as important as everything else, but it is being written about as it also shows who he is as a person.***

## Why is this document being written?

Cowboy Alchemist cannot be allowed to pretend like he's some misunderstood fic writer or some innocuous OCxCanon writer. Many of his fans are children, and with the things he indulges in privately* and what he publicly shares is a cause for concern.

*Private is a bit of a misleading wording because his deviantart favorites are public. More on this later.

Cowboy Alchemist is already a pretty divisive figure in a few fandom spaces, but not that many people know his true colors. This document is to show everyone that CA is actually a really creepy asshole.

*Please go to the next tab for the more serious accusations.*

As a reminder, here are the **personal claims** against him:

**Personal claims against CA:**
Art involving minors in several sexual situations, writing smut fanfics with **underaged** characters, **blatant misogyny** in his jokes, fanfics, and server.

We'll start with the visual nsfw art involving underage characters, along with the smut fics. **Everything is censored.**

CA has a fanfic OCxCanon work set in the Gravity Falls universe. The lore of it doesn't matter (it isn't a good fic anyway), but the main ship of this fic is his ***self-insert*** **Patrick Pines** and **Wendy.**

In the show, Wendy is **15 years old.**

### Physical appearance

At the current age of 15, Wendy is a very tall and skinny high school student. She has fairly pale skin and freckles, green eyes, long auburn hair, and is usually seen wearing a tan-and-brown lumberjack hat, most likely because Manly Dan, her father, is a lumberjack. Her standard outfit is a jade plaid shirt with a white tank top underneath, black leggings, and muddy rain boots. She also wears gray/blue earrings and is occasionally seen with a name tag.

A fan wrote a fic based on the original work.
In the fic, the description is as follows:

*“It's been seven years since that faithful summer. Seven years since Patrick and Wendy fell in love. They're now back in Gravity Falls for another summer after college when out of nowhere a storm hits the town. Trapped inside their home, Wendy finds the perfect time to have a fun, sexy, passion-filled night all to themselves.”*

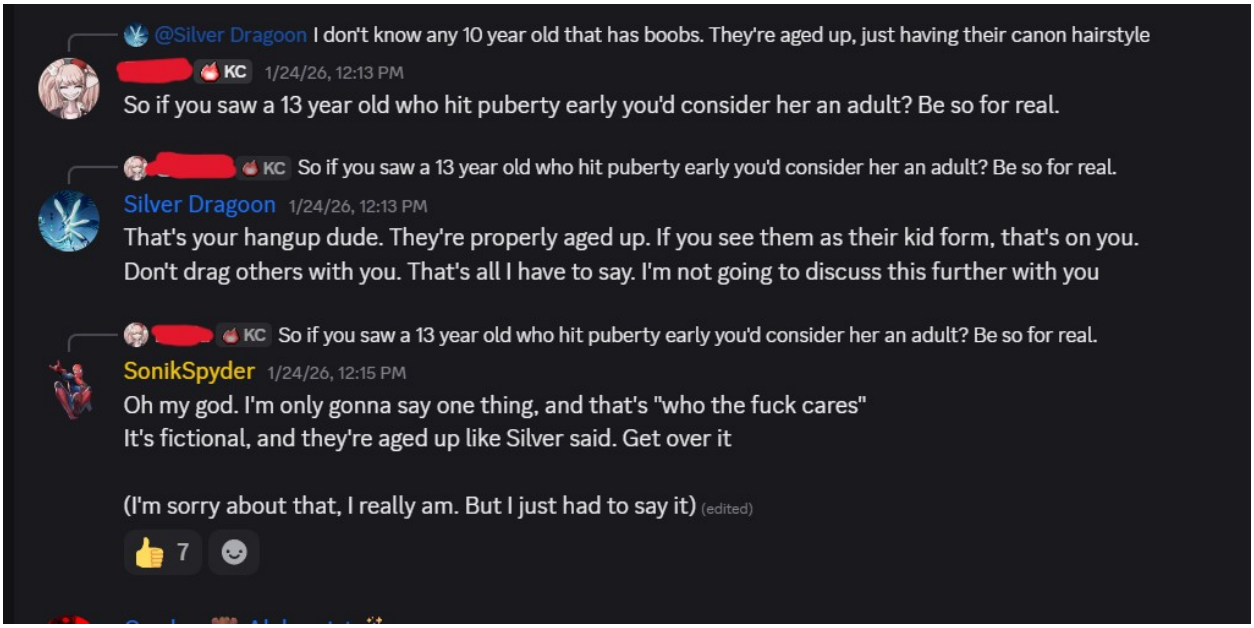
Notes:

This story is based on "Weirder Things", a fanfiction story written by Cowboy Alchemist.

Gross.

CA excuses these fics and the art as “the characters are aged up”. But when he says this, nothing about the designs has changed to suggest they are noticeably older. The only thing that changes in this fic in particular is that Wendy is described as curvy (maybe a bit exaggerated as well), having a big chest, and being incredibly knowledgeable about sex despite both of the characters being virgins (stated in the fic itself.) The OC is also described as being extremely physically mature despite the fact if they’re the same age, he’s also 15. Which is weird to write about **in detail.**

**A previous server member** had confronted a few people on “aging up” the characters and this is how those members defended their pedophile porn.



@Silver Dragoon I don't know any 10 year old that has boobs. They're aged up, just having their canon hairstyle
KC 1/24/26, 12:13 PM
So if you saw a 13 year old who hit puberty early you'd consider her an adult? Be so for real.
KC So if you saw a 13 year old who hit puberty early you'd consider her an adult? Be so for real.
Silver Dragoon 1/24/26, 12:13 PM
That's your hangup dude. They're properly aged up. If you see them as their kid form, that's on you.
Don't drag others with you. That's all I have to say. I'm not going to discuss this further with you
KC So if you saw a 13 year old who hit puberty early you'd consider her an adult? Be so for real.
SonikSpyder 1/24/26, 12:15 PM
Oh my god. I'm only gonna say one thing, and that's "who the fuck cares"
It's fictional, and they're aged up like Silver said. Get over it
(I'm sorry about that, I really am. But I just had to say it) (edited)
7

**Please note:** giving a character disproportionate breasts and exaggerated curves with no other details that can confirm they are aged up, is not aging up. Lolicon/shotacons make the same arguments. If you are viewing minors in a sexual situation, drawn or not, you are indulging in pedophiliac actions. (Please see subtab 2.)

Here’s an example of another server member confronting CA directly. CA’s server is completely unmoderated. If he actually cared about enforcing that rule, he would pick moderators that could make sure it isn’t continuously broken. However, he saves the same pictures to his deviantart, so he obviously doesn’t mind the sexual art and condones

+ endorses it.

It's not just that though, theres a lot of artwork here that depicts incest and/or pedophilia. The rules forbid such artwork, but people don't care for some reason.
I'm just saying that the rules need to be better enforced

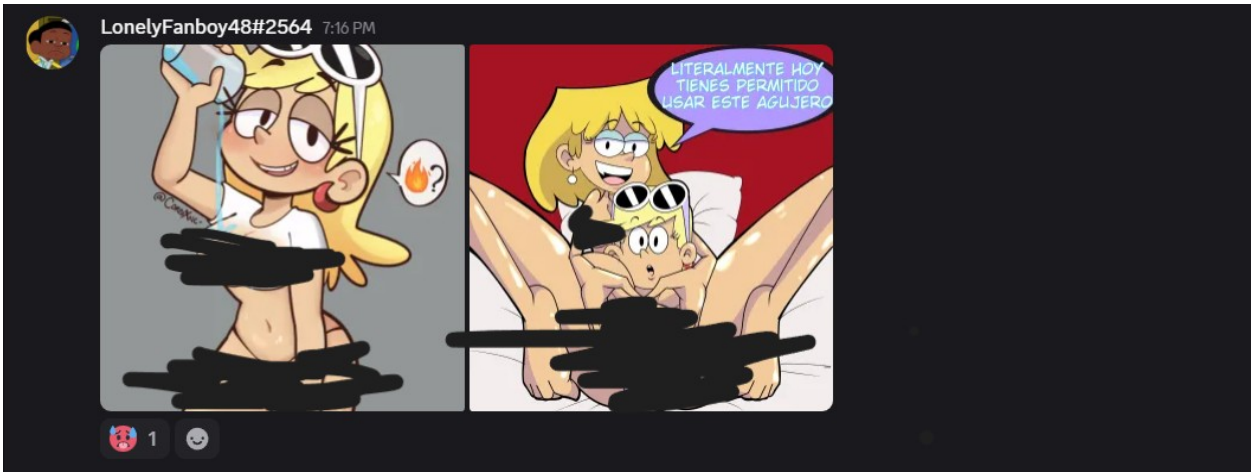
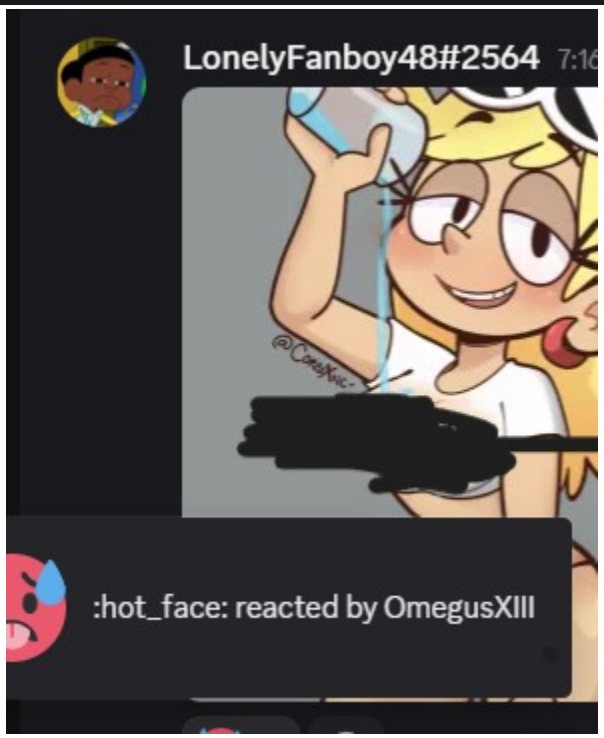
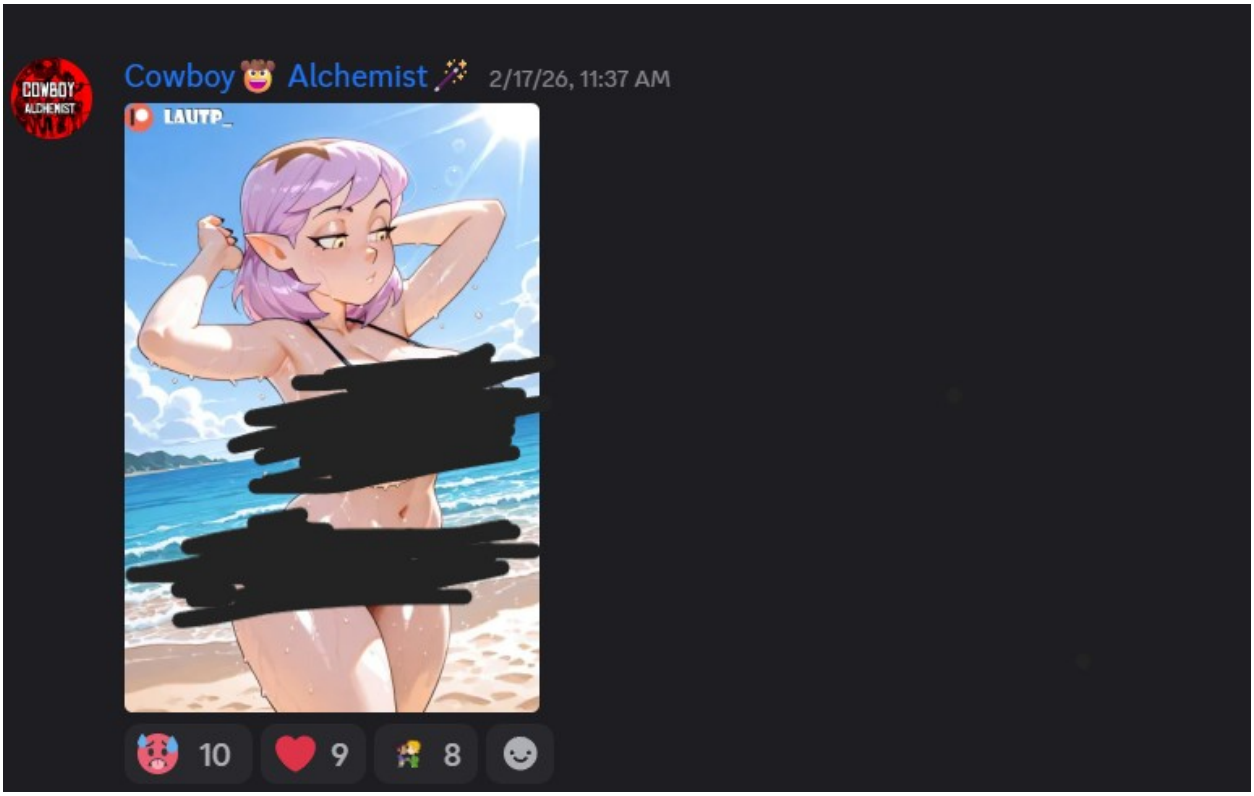
**He has not done this. The proof of that being these screenshots**





**These images featuring underage Leni and Lori Loud were posted on the same day as the starting of this doc. So from this, we can understand that Cowboy Alchemist is still yet to do anything about the sharing of csam in his server.**



**An example of nsfw artwork of the “aged up” characters posted in the server. This has been posted one day after the starting of this doc, and that too, by Cowboy Alchemist himself. By doing this, he proves that he not only doesn’t care about the sharing of csam on his server, but actively joins in too.**

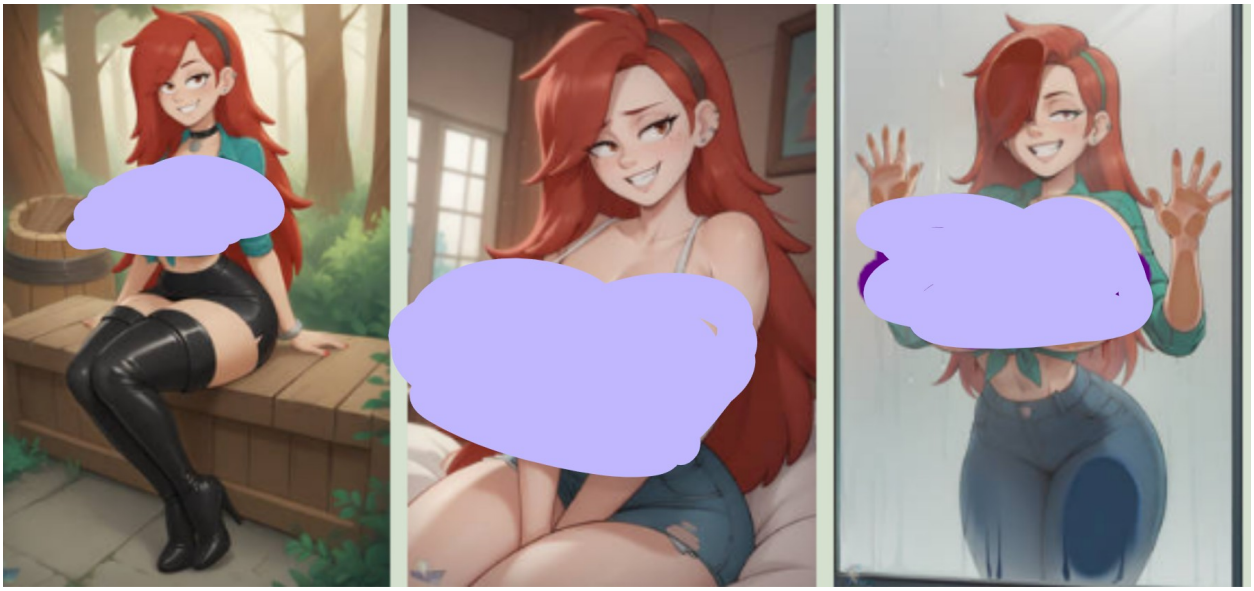
CA has both favorited art on deviantart of Wendy and has drawn it himself.

Here are examples of what he has favorited (everything censored).



The boobs are extremely exaggerated in the censored parts.

CA’s favorites consist of a lot of AI generated porn, the body types are always exaggerated and unnatural. That is not to say these body types don’t exist, but for the characters he writes about, it is not natural because of their ages. These images are also favourited alongside images like the SFW Lumity frame from TOH show. It’s disturbing, to say the least.

OC X Canon 322

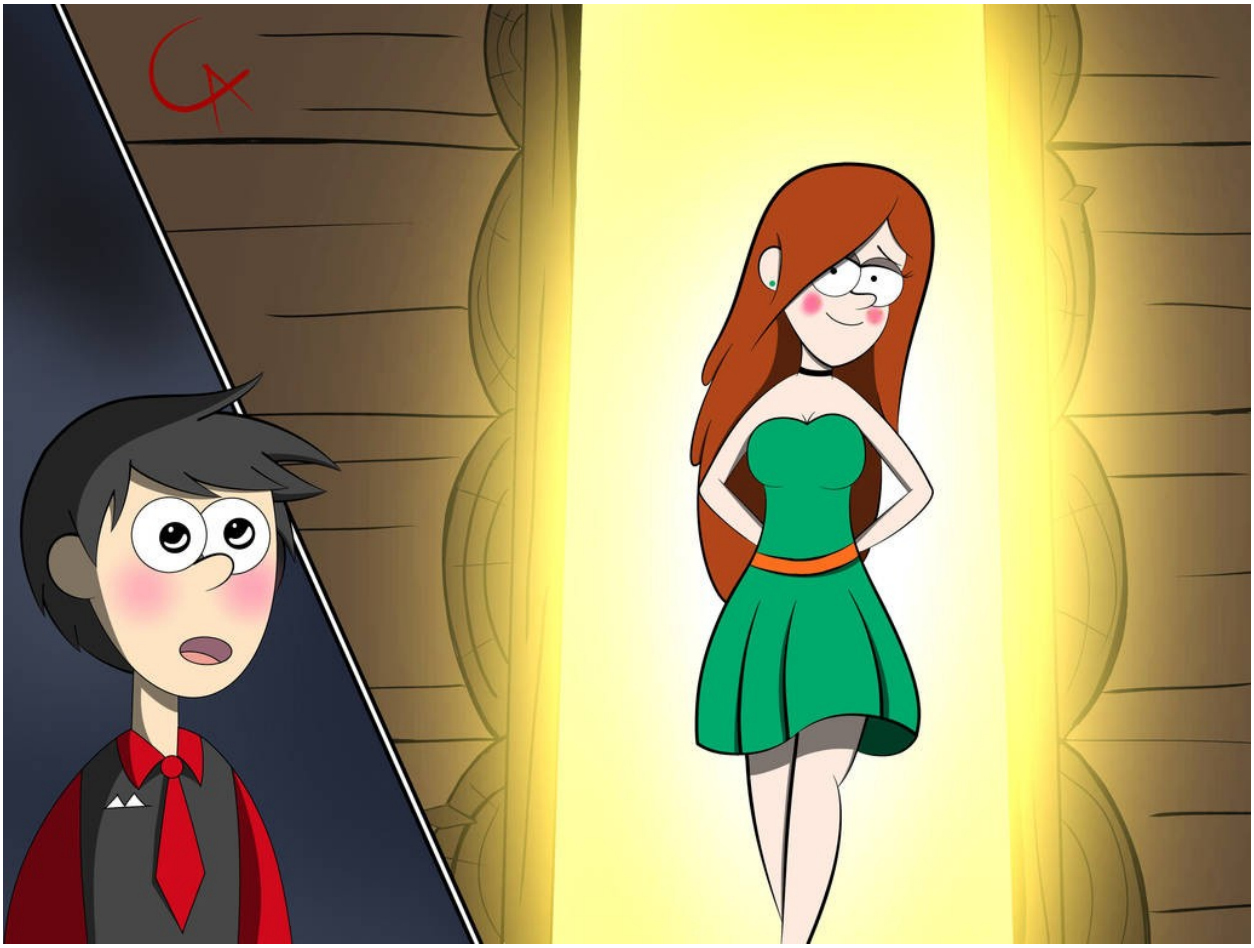
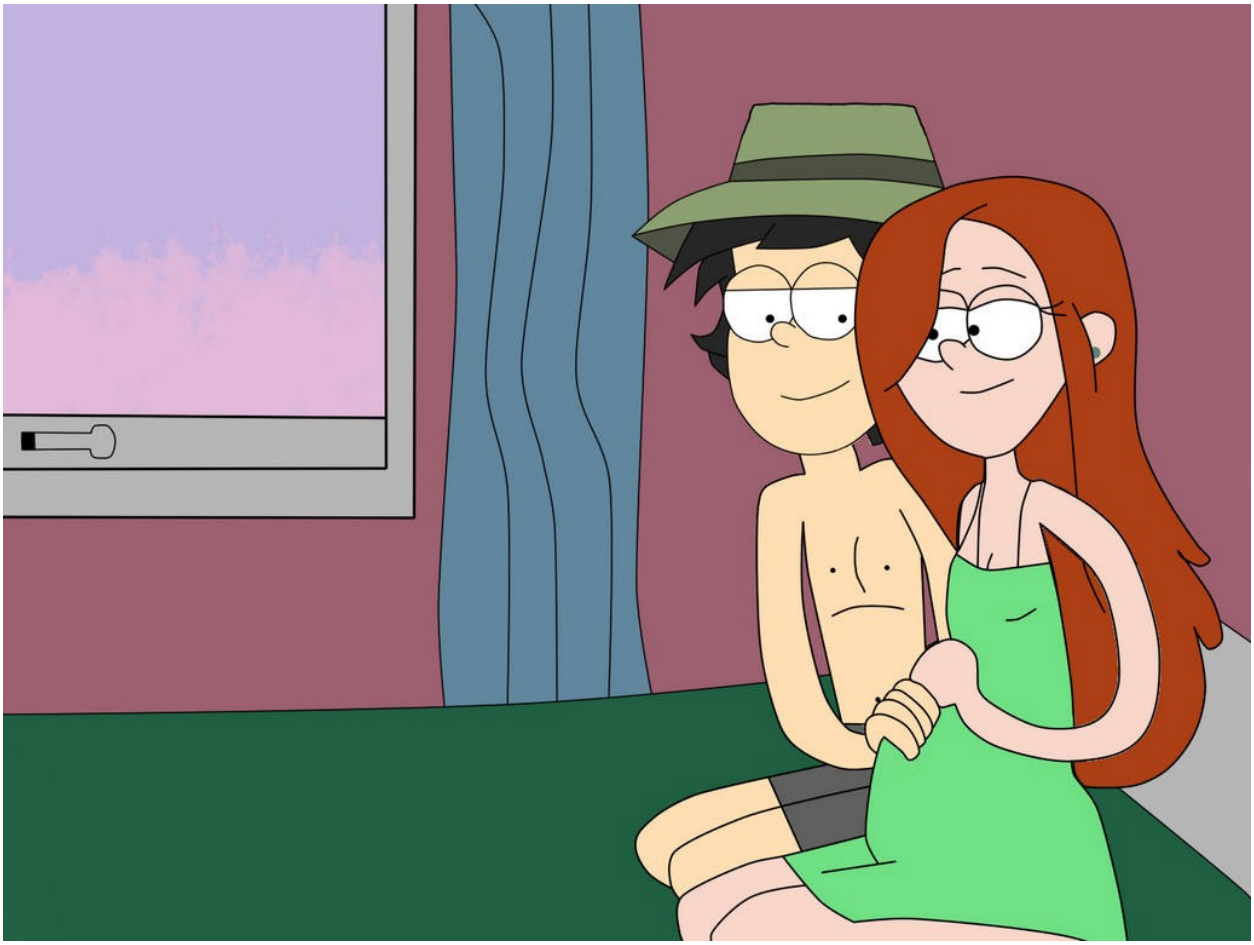
Art of his OC and Wendy, including one drawn of her pregnant drawn by GWR15:





Please keep in mind the OCxCanon fics (and in general) are **self-inserts(this will be elaborated on later in the doc).** CA will deny this heavily but when every single oc of his,
-acts the same way,
-is described the same way personality-wise,
-is the main character with no development at all,
-and always takes the place of the actual main character (with the real MC becoming a sort of side-kick and most times a love interest),

You start to question if he has a fantasy of impressing women and being loved and desired by everyone he meets, even if they're minors. It's like he's trying to go back to his high school years and redo it all. It's concerning.

Here is some more art he shares and encourages in his server:

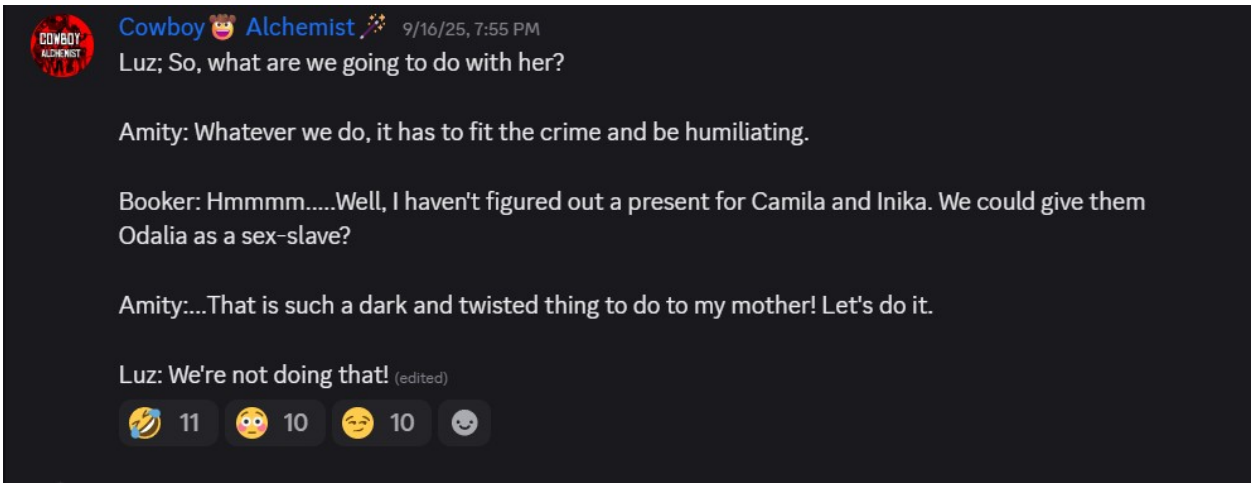
Here is an example of one of his “jokes.” This one is about sex slavery (aka, rape).



Cowboy Alchemist 9/16/25, 7:55 PM
Luz; So, what are we going to do with her?
Amity: Whatever we do, it has to fit the crime and be humiliating.
Booker: Hmmmm.....Well, I haven't figured out a present for Camila and Inika. We could give them Odalia as a sex-slave?
Amity:...That is such a dark and twisted thing to do to my mother! Let's do it.
Luz: We're not doing that! (edited)

“It has to fit the crime and be humiliating” does not mean **rape** as a **punishment.** Rape is not a punishment, ever. It is a moral failing. If you rape a rapist, that also makes *you* a rapist. Rape is not ever an excusable action. Sex slavery is a BDSM kink, which is **consensual** to

**every party involved.**

In BDSM, **Master/slave**, **M/s** or **sexual slavery** is a relationship in which one individual serves another in a consensual authority-exchange structured relationship. Unlike Dominant/submissive structures found in BDSM in which love is often the core value, service and obedience are often the core values in Master/slave structures.[1] The participants may be of any gender or sexual orientation. The relationship uses the term "slave" because of the association of the term with ownership rights of a master to their slave's body, as property or chattel. While male "masters" will usually be referred to as "Master", whether or not female Masters are referred to as "Master" or "Mistress" may depend upon whether they identify as following the leather subculture or BDSM path, or simply preference.[1]:27–30

Sexual slavery in a BDSM context is both a sexual fantasy and sexual roleplay.[2] The slave master or mistress might be any person or group, though the majority of such relationships are usually either one dominant, or a committed dominant couple, owning one or more slaves. A slave and the owner, and others involved in the relationship, can be of any gender, sexual identity, or orientation.[3]

If they are punishing someone for a crime, sex slavery is not a kink, it is a punishment and therefore, not an action that can be consented to by the person being punished.
Note: The person they are “punishing” is Amity’s **mother**, Odalia, as stated in the screenshot. Obviously this is out of character for Amity. But besides this fact, they are **selling a woman into slavery as a punishment for a crime**. This is misogyny and it screams CA has a rapist mindset. Rape is a traumatic experience, and shouldn’t be joked about.

If we go to rainn.org, a national sexual assault hotline, and look at the statistics for rape that’s reported by women…

WHO Experiences Sexual Violence
1 in 6 U.S. women
has experienced attempted or completed rape in her lifetime. 1
See More Facts & Statistics

**That is horrendous**. And that's only the **reported cases.**

The majority of rape victims in the U.S. are female.
82% of underage rape victims and 90% of adult rape victims are female. 1
See More Facts & Statistics

WHERE Sexual Assault Happens
68.5%
Percentage of sexual assaults that occur at or near the victim's home or their relative's home. 1
23%
Percentage of sexual assaults that occur in an open public place. 2
8.5%
Percentage of sexual assaults that occur on school property or "other" location. 3

**Rape is not a funny joke or punchline. CA is disgusting for making this a sort-of roleplay. And it isn't the first time a rape topic has come up as a joke or sexual fetish.**

Please see rainn for more information.

DURING THAT TIME, I'VE HAD SEX WITH HIM SO MANY TIMES I'VE LOST COUNT. I FOUND OUT THAT WE LIVE A FEW BLOCKS AWAY. I LIVE ALONE, SO IT'S EASY FOR HIM TO COME TO MY APARTMENT AND HAVE SEX WITH ME SEVERAL TIMES A WEEK.
AT FIRST HE WAS VERY SHY BUT NOW HE HAS BECOME TOTALLY ADDICTED TO SEX. WE USUALLY DO IT WITHOUT ANY PROTECTION. AND I ALWAYS LET HIM EJACULATE INSIDE. EVENTUALLY I GOT PREGNANT WITH HIS BABY. HE HAS WONDERED WHY MY BELLY HAS GOTTEN BIGGER. IT'S OBVIOUS THAT HE DOESN'T KNOW THAT HE IS GOING TO BE A FATHER OR EVEN HOW BABIES ARE MADE. THAT'S CUTE, BUT SOONER OR LATER I'M GOING TO HAVE TO TELL HIM.

More things concerning smut fics and a bonus harem trope:

Ty Lee is another girl who might make her way into Patrick's little harem.
Cowboy Alchemist 1/27/26, 8:16 PM
Mostly because it's an easy way to get her into a story and set up a potential lemon without having to think up a new story, unlike my original plan.

Jin is 16 and Ty Lee is 14.

## **Harem tropes**

Harem tropes in media are an inherent power dynamic. It usually revolves around 1 male character and several women competing for his love and attention. Harems in history are notably abusive, toxic, and highly competitive.

CA makes it obvious most of his OCxCanon fics are harems. He is trying to live a fantasy of being extremely desirable, even to underage girls.

A screenshot from before with the previous server member was talking

about how, in the rules of CA’s server, nsfw art is not allowed.

This rule was posted by **CA himself** on 1/29/25 (American date format). No one has followed or enforced this rule, apart from two other people.

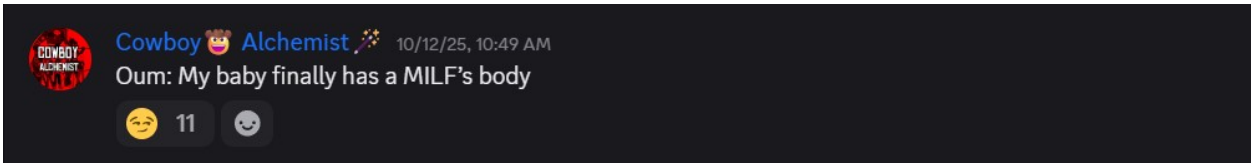
I’m now going to move on to the final claim of this section: **CA’s misogyny**.
However, I will also give a bit of insight on why I think every OC is a self-insert, based on my own writing experience and what I can observe from CA’s writing.

I have put in some screenshots previously of an example, but I’ll put them here, too.

## The constant use of MILF.

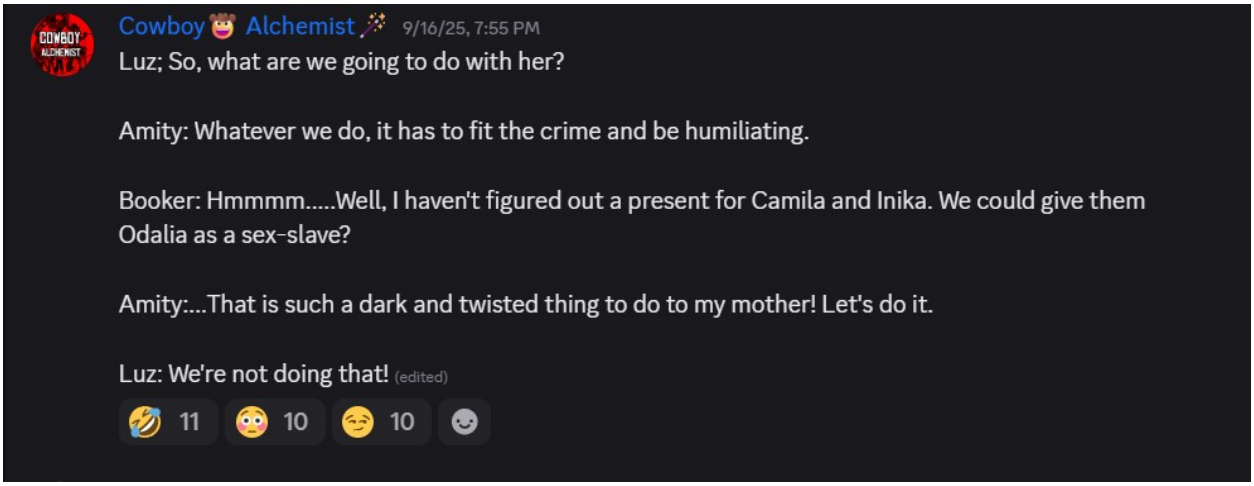
MILF, or “mother I’d like to fuck,” is a common internet term to refer to older, attractive women.
*(Please note how this term has not been applied to characters like Wendy.)*



MILF is a **porn category**. It IS **inherently degrading** to women as a whole, nevermind MOTHERS. “MILF” **is not a compliment**, and it’s gross. **CA only sees female characters as sexual objects, not as people**. The excuse “it’s fiction” can only go so far when CA applies this logic to his real life. And even if it is fiction, the way you would treat fictional characters if they were real shows a lot about you as a person.

I personally do not know anyone, mother or not, who either unironically uses the term or likes the term applied to themself or their fav characters.

Here is the sex slave “joke” again. This is also misogynistic for reasons I’m sure you can figure out.



Cowboy Alchemist 9/16/25, 7:55 PM
Luz; So, what are we going to do with her?
Amity: Whatever we do, it has to fit the crime and be humiliating.
Booker: Hmmmm.....Well, I haven't figured out a present for Camila and Inika. We could give them Odalia as a sex-slave?
Amity:...That is such a dark and twisted thing to do to my mother! Let's do it.
Luz: We're not doing that! (edited)

Anne; HOW COME I'M STILL NOT AS BIG AS YOU, MOM?!
Oum: Give me grand babies, and you'll be having my figure in no time.
Frank: That can be arranged!

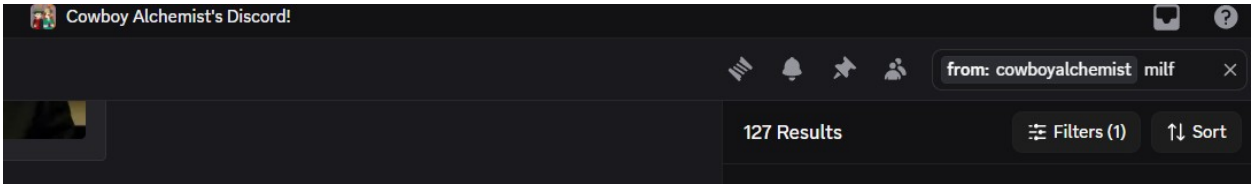
For obvious reasons, this is weird as fuck.



Here's how many times CA himself has typed MILF. That's just embarrassing, dude.

A more disturbing and obvious example of misogyny would be this excerpt from the first chapter of his MHA fic Heroes Of Tomorrow

"Oh, so you wanna play rough?" A bald man walked up to her. "Fine. We prefer it rough." He then grabbed one of her breasts. The girl started to kick and scream, but the hooligan used his hand to cover her mouth.

Wade went shocked at first, before his face twisted in disgust and anger. These guys were going to rape that girl. "HEY!" Wade got their attention, getting to stop molesting the girl and looked at him. "Let her go!"

The third thug who wore a beanie hat raised his eyebrow and went up to him. "Why don't you get lost, kid?" He said in a dangerous tone. "This doesn't concern you."

"I think it does..." Wade replied, glaring at the towering man. "Now, let her go!"

A smug grew on the man's face. He looked back at his friends who were grinning in amusement, while the teenage girl could only feel worried about the black-haired boy. The man with the beanie hat looked back at Wade. "Look, kid, it's nice for you to play the Hero, but this is real life. He then grabbed the young man by the neck."But if you don't want to get hurt then-"

With his face full of anger, Wade retaliated by grabbing the assailant's arm. But when he did it, a small amount of energy was released from his hand. This shocked the hooligan in the arm, and he screamed in pain, causing him to release his hold on Wade's neck and rub his arm.

"What happened?" The pierced man who was pinning the teenage girl asked.

"Fuck! The little shit just zapped me!" The beanie hat man shouted.

In it, Cowboy Alchemist uses the almost sexual assault of Momo(who at the time would be a 14 or 15 year old) as a means of putting his OC Wade on a pedestal by saving her.

Now, one could argue "This chapter was written 7 years ago, maybe Cowboy Alchemist learned from his mistake." To that, all I have to show is this excerpt from Chapter 41(The most recent chapter) of his Red Dragon Samurai fic.

"TOTAL BABE!" yelled the Perverted Duo when they laid their eyes on the incredibly beautiful woman who stood in front of the bus. Her ears and all her tails were gone. Making her look like a normal, buxom woman with a dress that looked ready to fall off her shoulders.

"Good evening," Yasaka said, smiling at Kenny's group. Most of them looked at her with surprise, while the rest looked at her like a piece of meat. Something that other male students and passersby did. "I'm going to be your chaperone to Kiyomizu-dera."

"Yo, the only thing she can guide me to is her fine-ass pussy!" Matsuda said, before Kenny grabbed him and Motohama by the back of their necks and lifted them. "Hey!"

"You two are going to put your tongue back inside those dense heads," he said in a low, threatening voice. "And then both of you are going to treat her with respect."

"Hey, come on!" Motohama said, before Kenny hits his head with his friend's.

"Do I make myself clear?"

"Alright! Alright! We've got it!"

After that, Kenny lets the two of them go, dropping them to the ground to nurse their ears. Tsubasa looked at the two boys on the ground and asked, "Have they always liked this?"

In this, Cowboy Alchemist, uses sexual harassment as a trope, solely so that his OC Kenny can save Yasaka and seem more heroic by doing so. This chapter was released on 12/23/2025, proving that Cowboy Alchemist learnt nothing in the last 7 years.

In the same chapter, during a scene of Kenny having sex with Xenovia, Cowboy Alchemist describes it like this.

He pressed his body against hers, feeling the heat of their desire growing with every touch. Xenovia's soft moans filled his ears, urging him to explore further. "Yeah?" Kenny asked, pulling away from her neck, admiring the red hickey he left on her pale skin. "Tell me, how long have you wanted this?"

"Since Rias took me in," Xenovia moaned, a lustful smile forming on her beautiful face as she felt him attacking her neck again. The way he grabbed her, he was like a beast! Or a dragon claiming his treasure.

As she felt all control being stripped away, the blue-haired beauty pushed him back and looked at him with her golden eyes; they shone in the room's light. She didn't want him to let her go, but it was only temporary.

"I've been studying, Kenny. Did you know that?" Xenovia asked, quickly removing his shirt, leaving him shirtless. "Learning all I can about sex and pleasing a man. Preparing myself for this moment, and I've found the perfect positions to take."

Describing a woman as “treasure” just sounds wrong, and dehumanizing. This isn’t the only time he did this, as evidenced by this passage from his smut fic involving Deb Turnbull

Sherman stopped her by kissing her on the lips. "Don't say that, Deb." He said after pulling away to gaze into her eyes. Surprised, Debbie's heart fluttered as he spoke to her. "You may be a bit older, but you're still the most beautiful and caring woman I know, and I'm very happy to have you in my arms." He kissed her again. "I love you."

Debbie's face turned red as she smiled joyfully at him. Hearts appeared in her eyes as her core burned up with desire and passion. "Then take me with your love..." she whispered back. "Use me. Abuse my body. Take it with your young body and dumb your cum inside me all night long!"

"I plan to." Sherman kissed Deb again as he pulled her closer, feeling her milf filled tits against his chest as her nipples rubbed on him. And they were his hands' next target. They slid up her sides before grabbing onto her firm mounds, and he molded them in his hands.

Not only does this read like wish fulfillment, but the usage of the words “abuse me” is extremely disrespectful for obvious reasons. Makes you wonder how Cowboy Alchemist decided that including this was a good idea.

This kind of wording is very common in Cowboy Alchemist’s smut fics. For example:

"I LOVE YOU! BEN, I LOVE YOU SO MUCH! MY BODY BELONGS TO YOU! IT'S ALL YOURS! OH, MY GOOOOOOOOOD!" Leah continued screaming in merry rapture as her back formed a perfect arch, and her eyes rolled into the back of her head. "OH MY GOD, I LOVE IT! I LOVE IT! I NEED YOU! I LOVE YOU SO MUCH! I LOVE YOU, BEN~! DON'T STOP!"

"I love you too, Leah!" Ben cried out, slamming his lips against hers as he kicked it into high gear and thrusted harder. Jumping his waist up and down on her pelvis and burying his cock deeper inside her. Knocking the back of her womb with the force of a sledgehammer.

*Fap! Fap! Fap! Fap! Fap! Fap! Fap! Fap! Fap! Fap! Fap! Fap!*

Already lost in her realm of sexual desire, having lost all control of her body, Leah could only lay on her back and take it. Crossing her ankles behind his head and using what little strength she had left to tighten down on Ben, who rammed his womb-wrecker into her twitching pussy. Embedding himself to the hilt before retracting and slamming it in her womb again and again.

Each thrust and retreat brought out a muffled wail or scream of ecstasy into Ben's mouth as he forced his tongue into her and attacked her oral cavity. She tried to fight back with her tongue, but Ben was too overwhelming. It wasn't like she fought back that much.

When he pulled away, the MILF started making shrill, raspy moans, followed by heavy gasping as her body visibly trembled. Ben kissed her so deeply that her head felt like she was being fucked on top of a cloud.

"OH, FUCK~! OH, FUCKING YES, BEN~!" Leah screamed, motivating him to fuck her with all his strength and body weight as they mated like a pair of horny animals. "AHH! OOOH! OH! HAAAAHHHH! USE ME! ABUSE ME! *RAVAGE ME~!*"

From Cowboy Alchemist's smut fic involving Leah Stein-Torres.

"Let me make this absolutely clear, mister," said the young woman in a stern yet emotional tone after pulling away from the kiss. "I love *you*, Patrick Louise Pines. I only ever wanted you as my one and only. I've loved you since you first came to Gravity Falls. I love you so much that it kills my soul whenever I spend time alone, away from you. And trust me, that love is never going away. Patrick, I don't want anyone else to have me. You are the only one who can. My body, heart, and soul belong to you and you alone. I want only you to make love to me every night, to get me pregnant, and only your kids will ever be carried in my belly. I want only your hand in marriage, to be your wife, and to only have your heart be my forever."

Patrick stared at his girlfriend in stunned silence. "Wow...that was the most beautiful and romantic thing I've ever heard you say," he said, impressed and feeling his heart beating joyfully.

From Cowboy Alchemist's smut fic involving Wendy Corduroy and Jackie Lynn-Thomas. The fic is titled "The Lifeguard's Reward", the lifeguard here being Wendy and the "reward" being having sex with his OC Patrick. This is arguably the most blatant example of wish-fulfilment, and special attention must be given to how Cowboy Alchemist writes Wendy to describe herself as if she's some prize rather than a human being.

Moreover, across all his fics, the often female main characters are rewritten to being love interests who do pretty much nothing besides being a cheerleader for the male OC who takes all their great moments. This, combined with the decisions he makes for his fics, and the fetishization of lesbians and women in general (elaborated on later in the doc) that happens in his server lead many to believe that Cowboy Alchemist also shows signs of being a misogynist.

This is the end of the claims for category one. Please move to category 2 to see the claims about his server in more detail. There is a subtab under tab 2 to highlight two server members of his in particular.

If you are curious about the self-insert problem, please see the subtab

under category 1.

# The Self-Insert Issue

**This subtab has 10 pages in total.**

---

While self-inserts are not a bad fic trope, or even an uncommon trope, CA inserts an OC he swears up and down ISN’T a self-insert, when it blatantly and obviously is, every time.

When done right, a self-insert can be really cool to read about. However, with CA, there is a constant theme about these self-inserts that makes them unbearable to read about in a plot-driven fic AND a smut fic.

As stated earlier in the doc, here are a few points you will notice with every self-insert fic. I will expand on each point in detail.

1. > They feature a **male OC taking the role of the main character** in the main storyline. For example, Booker Bridges takes up Luz's role in The Seventh Son with **Luz being demoted to a supporting character.** If the **main character is a male, then he is replaced with the OC such as Wade Walker replacing Izuku Midoriya in Heroes of Tomorrow.** This is often **detrimental** and sometimes just **outright ruins the whole point of the characters in the story. E.g Frank** is shown as the voice of reason when that was **Sprig, Hop Pop and Polly's** role.

2. > Said OC usually is **extremely aggressive, hot-headed and usually answers with their fists** with an overly tragic backstory to "explain" it. Said tragic backstory often has people be **evil** to almost **comic extent in some cases.**

3. > Said OCs are also the **voices of reason** in every fic they’re in, and easily catch on to schemes by the antagonists despite having **no reason to**.

4. > The OCs are also given **special powers** or are **chosen ones. Booker’s Seventh Son status makes him the chosen one** destined to defeat Belos, **Frank is supposed to be the hero that**

**sacrifices himself to save Amphibia** in Anne’s place as per Cowboy Alchemist’s author’s notes, and **Patrick is revealed to be the key to defeating Bill Cipher** and that Father Time specifically inserted him into the universe so that Weirdmageddon can be stopped in Chapter 39 of Weirder Things.

5. > In virtually **every fic** written by him, the **male OC that takes the role of the main protagonist is shipped with the female main character or a female side character if the main character is a male**. Such as with Frank being paired with Anne in "Living in a Frog World" or **Patrick being paired with Wendy** in "Weirder Things". As to whether said ships work is..hit or miss. Sometimes it does, sometimes it doesn't.

6. > In some cases, **the fics contain needless innuendos or fanservice**, even involving **teenagers** such as Frank looking up Anne's skirt or **two girls who are 14 making out in "The Seventh Son".** Though he has removed these scenes after much pressure, the fact he even considered that including these scenes in the first place was a good idea is disturbing.

In “The Seventh Son”, Booker is made to be the main character instead of Luz. Not only does this derail the entire story, but it makes the actual story completely useless. CA will take entire episodes but instead of Luz going through the episode for the character development needed, it’s Brooker. And there is no development the character goes through, making the entire chapter a waste of time. Or, if Luz somehow does get screentime, Booker is warning her against things when usually that would have been Eda.

The times where Luz runs off despite the warnings from Eda makes sense for this reason: **Luz doesn’t know Eda.**

In the fic, it’s established Booker and Luz are childhood friends, meaning if he warned her about things, she would listen. She is stubborn, not stupid.
But when Booker does warn her in place of Eda, she disregards his

opinion and gets in trouble, setting up a chance for Booker to swoop in and save her, where we get into a white savior complex.

Luz is Dominican-American. She is visibly a person of color, whereas Booker is white and blond.
Luz in the show is not stupid. She is reckless at times, and it's expected of her to not make the best choices, because she's a teenager. She is silly, funny, and joyous.
In the fic, she is reduced to being an idiot, who gets into trouble often, and needs saving, often from the love interest Booker, a damsel in distress trope.

## What is a white savior complex and how does it present in this fic specifically?

White savior complex is not a media trope, it's a real-life mindset and it happens daily.

https://en.wikipedia.org/wiki/White_savior

The term **white savior** is a critical description of a white person depicted as liberating, rescuing or uplifting non-white people; it is critical in the sense that it describes a pattern in which people of color in economically under-developed nations that are majority non-white are denied agency and are seen as passive recipients of white benevolence.[1][2] The role is a modern-day version of the "The White Man's Burden", a poem by Rudyard Kipling from 1899. The term has been associated with Africa, and certain characters in film and television have been critiqued as white savior figures. Writer Teju Cole combined the term with "industrial complex" (derived from military–industrial complex and similarly applied elsewhere) to coin "White Savior Industrial Complex".[3] Feminist and postcolonial scholars also argue that the trope is deeply gendered and classed, often centering white women's humanitarianism as rescuing "Third World women" while obscuring local agency and structural causes.[4]

The way it has presented itself in the fic is blatantly obvious that CA wants everyone to love his OC while not actually giving the OC any qualities that can make people like him, much less love him.

However, when Luz didn't answer right away with her usual excitement to learn about magic, he turned his head. Watching as her smile slowly drained away into a somber expression as she sighed. "Well, actually, when I decided to stay in this magical world, I thought I was meant for something special. But Eda thinks I'm meant for chores, and I'm afraid I came to the wrong place."

She then felt a hand on her shoulder and saw it was Booker's. But when she looked at him, smiling at her comfortingly, trying to cheer her up, Luz looked away.

Booker's attention was then brought back to Adegast when he stood with a smile. Booker knew that kind of smile all too well. It was a fake smile. "Well, I have a quest—"

She quickly stood up from her chair and dropped her teacup, which shattered on the floor. "A quest?!" Luz exclaimed happily when she cut him off.

Adegast chuckled.

"You didn't let me finish. I have a question," he said, making Luz slightly slump when she realized she had jumped the gun. Would you like to go on a quest?"

"Yes!" Luz yelled.

"Wait, what?!" Booker asked as he stood up. Completely bewildered. "Just like that?! You're just giving us a quest to go on?"

"Indeed I am," said the wizard as he pulled out a scroll from his beard. It was perfectly rolled up and tied up and had a red insignia on it. "And I might have just the thing for you two."

He unrolled it in front of the two teenagers.

"The prophecy speaks of a young human girl who will claim the Celestial Staff and free this world from an ancient evil," he said. "Perhaps thou has come here for a reason."

Booker's eyes narrowed in suspicion at the quest. "Yeah," he said with half caution, half sarcasm. "And that so-called 'evil' will turn out to be related to her. Come on, you really think we're going to buy this crap?"

"Perhaps I have," Luz said as she touched the map.

Booker's eyes widened. "Are you fucking kidding me, Luz?!" He exclaimed, but she didn't pay him any attention. Too sucked in by the thought of going on this quest and living out her fantasy.

"Should you believe yourself worthy to attempt this quest..." Adegast said as he started walking away, and the girl followed him.

"So worthy." She said, eyeing the map.

"Luz!" Booker yelled again as King climbed upon his shoulder.

"...you need to know the road is dark and perilous," Adegast continued as he put his hands behind his back. But he and Luz ignored Booker, who ran over and caught up with them.

"Love peril. Big fan of peril," Luz said.

"This is crazy, Luz," Booker said loudly, trying to get her attention. "We just came to deliver the potions."

"And only the Chosen One can pull the staff from its post." Adegast finished. Seeing that they weren't going to be listening to him, Booker looked around something to get their

(from TSS, chapter 2)

After returning to the owl house, Luz immediately darted past Booker. When he tried to stop her, he rushed up to their closet/room. When he entered the room, Booker found that she had already begun to pack her things. Preparing to go on her quest.

"So, King, Booker, what kind of Chosen One should I be?" she asked after she had sheathed the toy sword in a scabbard that fit.

King yawned as he prepared to take a nap in Luz's rolled-up sleeping bag. "Huh? What?"

Luz then grabbed her Azura and the Dark One book and held it up to the right side of her head. "Should I be full of optimism and goodness, like the Good Witch Azura?" She asked before moving the book to the left side of her head. "Or should I be like a bad girl Chosen One, with black nail polish and a mysteriously withdrawn attitude?"

She then returned to her fangirl self when she made the book talk with a weird voice. *"'I act like I don't care, but I secretly do.'"*

"You're really serious about this, aren't you?" Booker asked, concerned.

"Of course I am. I just feel it in my gut that I'm destined to be here for a reason," Luz said with determination and a clenched fist. "Also, Booker, can I borrow Dragon's Bite?"

"No, you may not borrow Dragon's Bite because you're not going on that quest!" Booker said with a stern glare.

"What?! Why?" Luz asked, looking at Booker with a shocked expression.

"Think about it. A complete stranger you've never met before wants you to go on a quest to retrieve a staff. Aren't you the least bit suspicious?" Booker asked.

"But this is my chance to get a magic staff finally," Luz said, flipping through the pages of her book to the image of Azura retrieving her staff. "Just how Aruza got her staff—"

"But she didn't go on a quest to retrieve her staff. She had to earn it," Booker said, taking the book from Luz. He flipped it to a page showing Azura and Dominic battling the wizard. "And haven't you forgotten that the wizard only sent them on that quest to get to the witch?"

"But maybe things will be different!" Luz adamantly said, grabbing her book from her friend. She then glared at her friend with a hint of jealousy. "Why can't you just be happy for me?! You're already half-witch and the son of a great! You're destined to be a great witch, but what about me?"

"What?" asked Booker, confused about where this was coming from. "Luz, what are you—"

"Ugh! Why can't you just let me have this?" Luz yelled at her friend. "I thought you were my friend!"

The argument was put on hold when Eda entered the room, holding a severed blue monster hand by the bone. "The sound of friends fighting summoned me," she said, walking over to them with a raised eyebrow and rubbing her free hand with the monster's hand. "Where is it? Show me the fight! I'm not too late for the beginning, right?"

"Not now, Eda," Booker snapped.

"Whoa! What's with you two?" Eda asked, pointing at the two kids with the hand's finger. The witch rested the monster's hand on her shoulder when she noticed the things Luz was packing. "Wait, what's going on?"

"Eda, tell Luz how dumb wizards are," King said as he jumped off Luz's sleeping bag and onto Booker's shoulder.

(from TSS, chapter 2)

As she watched the two fight, Luz suddenly gasped and let go of King. "This is just like what the Dark One Dominic said when facing down Hecate at the Bog of Immediate Regret," she whispered with excitement, her eyes sparkling.

Booker was about to respond when Luz suddenly stood up and pointed at Amity.

"He'll challenge you to a Witch's Duel!"

Everyone around them gasped. Amity was a little surprised by this before looking at Booker. "Is that right?"

"If it means I get to you down a few notches, then yeah," Booker said, pulling out Dragon's Bite and pointing the sword at Amity.

"I challenge you to a duel!"

Amity's face grew smug as she stepped towards Booker. Booker lowered Dragon's Bite to his side as she got in his face, and he kept his glare. "I accept," Amity said, then taking a step back. "Let's set the terms for this duel, shall we?"

(from TSS, chapter 5)

Notice how Luz says that Booker will challenge Amity to a Witches Duel and not that she herself wants to challenge Amity to one. This doesn't make sense for Luz's character and she's the one who has arguably more personal stakes in this battle. The fact that Cowboy Alchemist makes sure that Luz's spotlight is taken away in favor of Booker doesn't help the self-insert allegations.

*"I just wanted to give my Silly Billy boyfriend a kiss for being the best," Luz said, kissing him on the lips.*

*It was hard to believe that they were finally together, but it was true. Booker finally had not only Luz, but they were also dating Amity. Both of them were the girls he loved so much that he couldn't pick either one over the other. Both girls shared the same feeling. Why choose one when you could have both? The week since they became a throuple was magic, as they could finally express all the romantic feelings they felt for each other.*

*Booker and Luz even devised a system to ensure fairness with Amity.*

*Pulling away to place his head against Luz's, Booker spoke with a loving voice. "One kiss from each of us on the lips, and one kiss from you," he said.*

*"I'm sure Amity will love that," Luz said in the same voice.*

From chapter 23. This is just blatant wish fulfillment. Not only does it erase Amity's lesbian identity, it erases the wlw (women loving women) relationship completely, as Booker is the main focus of the relationship, therefore making it a harem.

Lesbians and wlw relationships are already very underrepresented, or misrepresented. To erase Amity's identity entirely, but to allow lesbian fetish content in his server at the same time, is so weird and shows he only sees women and lesbians as porn categories, not people.

Some people might defend his decision by saying "He didn't know she was a lesbian while writing this," because it hadn't been revealed yet in the show. This ultimately doesn't matter because he does the same thing with Pearl from Steven Universe years after she'd been revealed to be a lesbian.

He does not care about women, he does not care about how objectified

they are depicted. It is very, VERY obvious his smut fics are inspired by hentai and porn, and it reads like a stereotypical porno script.

## More wish fulfillment:

> As for the hero of the town himself, Patrick pulled himself out of the pool. In the sun's rays, the 18-year-old young man combed his hair with his hands. Draining out the water from his scalp and walking towards his chair. Patrick wore a pair of bluish-green swim shorts while remaining shirtless. When he was younger, he used to wear swim shirts, mostly because he was a bit self-conscious about his somewhat shiny body. However, now older and after working out to start getting into shape, Patrick decided to stop wearing his swim shirt. Showing off how ripped he'd become. Although he wasn't a bodybuilder, his years of adventuring gave him the physical build and strength of a man with his profession, with an array of well-developed muscles and scars.
>
> In addition to his handsome face, his impressive build caught the attention of many women at the pool. Girls his age sighed dreamingly at the sight of him like a bunch of school girls. Many of the older women, even if they were with their boyfriends or husbands, were just as attracted to the young man.
>
> Despite the attention he got from the attractive women, he didn't pay them any mind. Patrick was happily spoken for by a certain redhead that was as cool as ice and blessed by God with the gorgeous appearance of a goddess.

From “The Lifeguard’s Reward”. The way these lines are worded reads like a porn fantasy. There is no other plausible explanation that sufficiently justifies the inclusion of these lines.

"So, what's he like," Jackie asked, wanting to know more about the hero of Gravity Falls. "I know he's supposed to be this hero everyone knows about. But besides being hot, I don't know anything else about him."

With a long, soft sigh, Wendy reclined back while holding herself up by her arms. Her smile naturally grew as she recalled the moment she met her boyfriend. "I was 15 years old when I first met him. At first, I thought he was a cool dude and an awesome friend. But as I got to know him, I realized he didn't just have a great personality. A heart of gold would be the best way to describe him. I've seen him risk his life, happiness, and health for the sake of his family and friends. Seeing him is like seeing those heroes in comics. Like them, he was strong, swift, and brave. Caring to a fault and funny. I don't know why I didn't fall for him the moment I laid eyes on him, but it gave me the time to fall in love with him naturally. I love him so much, Jackie. Whatever reason he had, I'm forever grateful to Father Time for giving me Patrick."

The Father Time part aside, Jackie looked at her friend in astonishment. She's had many relationships with guys and girls, and yet never had any of them made her feel the same way Wendy felt about Patrick. The way the redhead explained him, Patrick seemed like the most wonderful man in the world, and she felt jealous of Wendy. The envy grew when she remembered the sounds she heard when the couple fucked like animals, along with how Wendy had a barely noticeable limp and a slight look of discomfort upon coming out.

Also from the same fanfic.

Now, as said before, Patrick was no stranger to seeing weird things and could handle himself in a fight.

However, nothing could have prepared him for not just one, but several cheerleaders soaked to the bone in front of him. All of them were his age, all of them very beautiful, with curvaceous figures, and they all looked like they needed help. It was like something out of a porno.

The girls who did see him were easily smitten by his appearance, looking at him with interest. "A total hottie," Tara said, looking at him dreamily.

Not at all expecting her comment, Patrick blushed and looked away, acting sheepishly at the attention he was receiving. As someone who had been an outcast his entire life, he wasn't accustomed to being complimented by anyone, especially girls.

"Yeah, all but me," Bonnie said like a snob as she walked up to Patrick and Kim. The head cheerleader looked at her rival with an annoyed expression, especially when the brunette gave Patrick a sultry look. "Actually, why don't you take my place, and I'll accept your bed? Think about it, big guy. You'll be sleeping with hot young girls. Or... perhaps you'd want a sleeping partner~?

Patrick raised an eyebrow while Kim cleared her throat. "Really, Bonnie? How much of a..." The urge to call out her rival as a 'slut' was strong, but then she glanced at her mom's disapproval and Mabel's innocent look. "...How selfish are you?"

"What," asked Bonnie nonchalantly. "He gets to sleep with a bunch of girls or sleeps with me. Either way, I get to sleep in a real bed. Win-Win."

"At least let us all have a chance," said Liz, a girl with short, wavy red hair, ruddy skin, and black eyes, who wore a purple headband.

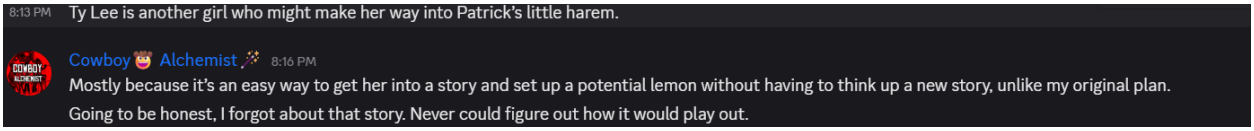
"Yeah, what if we want to sleep in the same bed as the cutie!" exclaimed Marcella, who had long, straight black hair with a part, light brown skin, and black eyes.

Patrick once again blushed from all the attention he was receiving. It was definitely more than he had ever received from most girls he knew. Most of the girls at his school wouldn't have given him the time of day or called him a freak for his sixth toe. And now, there was a whole cheerleading squad that was throwing themselves at him. It was not a situation he had ever expected to be in, but one that he secretly didn't mind.

Both of the above screenshots are from chapter 4 of “Weirder Things: Lost Legend”. These particular sentences are more disturbing than ones in the last screenshot, as all the cheerleaders described here are minors. It makes you wonder why Cowboy Alchemist would describe

his OC meeting a group of underage cheerleaders as “something from a porno”, and that a group of minor cheerleaders would be eager to sleep in the same bed as his OC if he didn’t have any personal fantasies when writing this chapter.

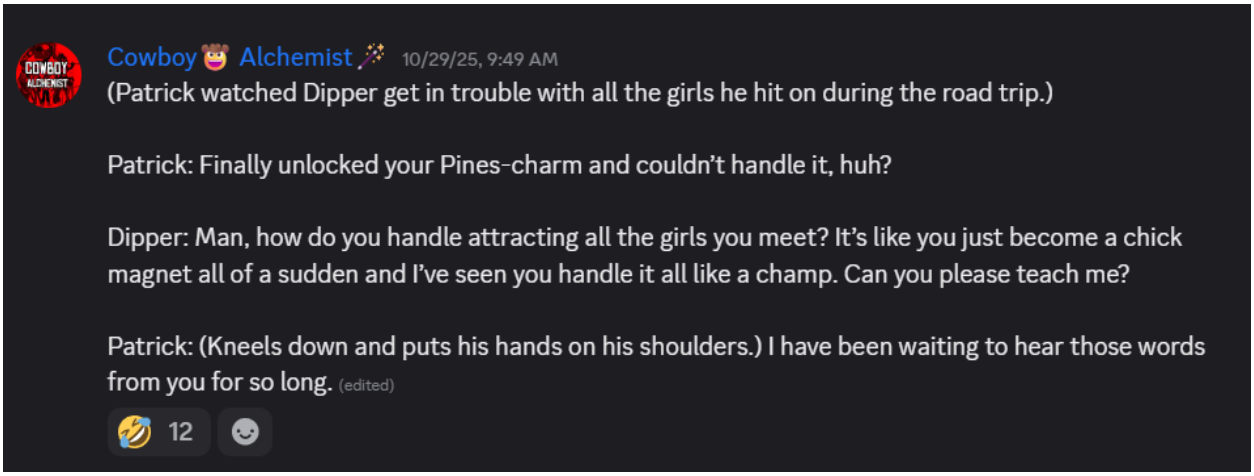
It's not just these examples. In almost every chapter of the Weirder Things Lost Legends fic that features fictional girls from another show, at least one of those girls falls in love with Patrick. These decisions taken by Cowboy Alchemist make more sense when you realize the main purpose of the Weirder Things: Lost Legend fic is for Patrick(and by extension Cowboy Alchemist) to live out their fantasies. As evidenced by this screenshot:



8:13 PM Ty Lee is another girl who might make her way into Patrick's little harem.
Cowboy Alchemist 8:16 PM
Mostly because it's an easy way to get her into a story and set up a potential lemon without having to think up a new story, unlike my original plan.
Going to be honest, I forgot about that story. Never could figure out how it would play out.

Cowboy Alchemist in this screenshot is admitting that the only reason he includes certain girls in his Lost Legend fic is so that he can set up a potential smut fic in the future.

It’s not like Cowboy Alchemist doesn’t know either



Cowboy Alchemist 10/29/25, 9:49 AM
(Patrick watched Dipper get in trouble with all the girls he hit on during the road trip.)
Patrick: Finally unlocked your Pines-charm and couldn't handle it, huh?
Dipper: Man, how do you handle attracting all the girls you meet? It's like you just become a chick magnet all of a sudden and I've seen you handle it all like a champ. Can you please teach me?
Patrick: (Kneels down and puts his hands on his shoulders.) I have been waiting to hear those words from you for so long. (edited)

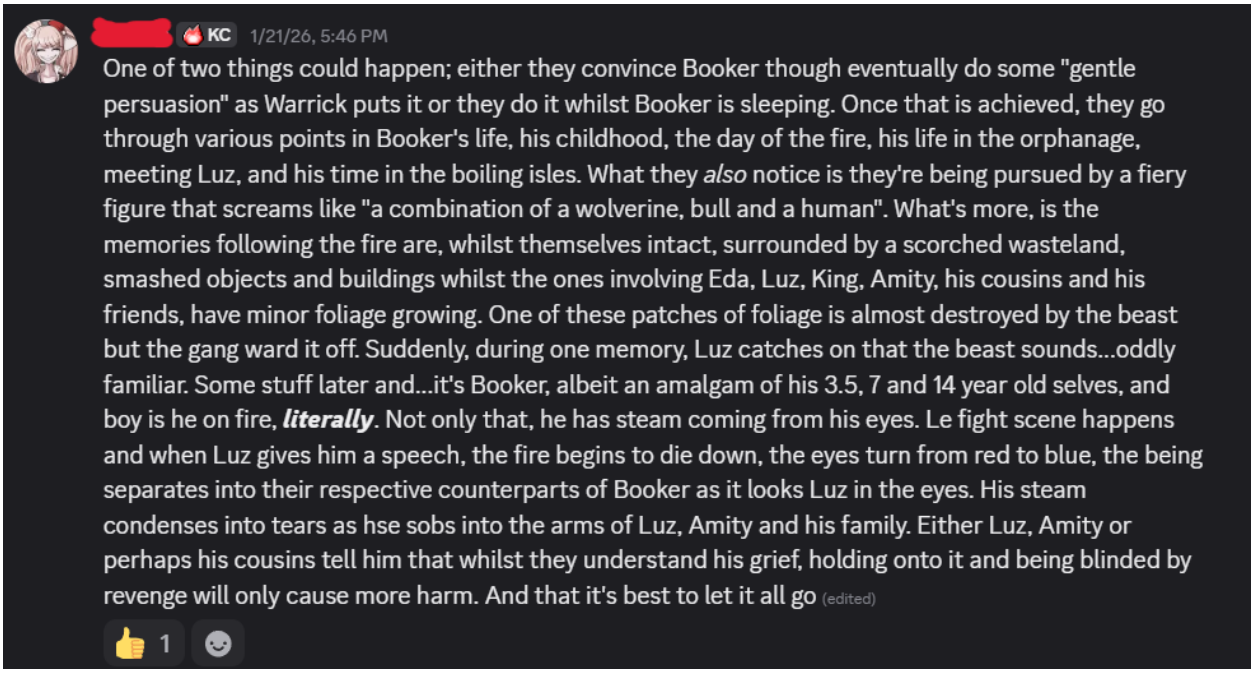
Here, Cowboy Alchemist is basically acknowledging that his OC Patrick can attract every girl he meets. The fact that he knows, but still chooses not to change a single thing about how Patrick is written is pretty suspicious.

Some more proof that Cowboy Alchemist's OCs are self-inserts include these screenshots.



KC 1/21/26, 5:46 PM
One of two things could happen; either they convince Booker though eventually do some "gentle persuasion" as Warrick puts it or they do it whilst Booker is sleeping. Once that is achieved, they go through various points in Booker's life, his childhood, the day of the fire, his life in the orphanage, meeting Luz, and his time in the boiling isles. What they *also* notice is they're being pursued by a fiery figure that screams like "a combination of a wolverine, bull and a human". What's more, is the memories following the fire are, whilst themselves intact, surrounded by a scorched wasteland, smashed objects and buildings whilst the ones involving Eda, Luz, King, Amity, his cousins and his friends, have minor foliage growing. One of these patches of foliage is almost destroyed by the beast but the gang ward it off. Suddenly, during one memory, Luz catches on that the beast sounds...oddly familiar. Some stuff later and...it's Booker, albeit an amalgam of his 3.5, 7 and 14 year old selves, and boy is he on fire, ***literally***. Not only that, he has steam coming from his eyes. Le fight scene happens and when Luz gives him a speech, the fire begins to die down, the eyes turn from red to blue, the being separates into their respective counterparts of Booker as it looks Luz in the eyes. His steam condenses into tears as hse sobs into the arms of Luz, Amity and his family. Either Luz, Amity or perhaps his cousins tell him that whilst they understand his grief, holding onto it and being blinded by revenge will only cause more harm. And that it's best to let it all go (edited)

Alright, I have looked at the idea.
And I hate that you want Booker to be a jerk to everyone

In the above screenshot, Cowboy Alchemist is responding to the user's fic idea(image above this screenshot). Note that he discards this idea because it would mean that his OC has to be a jerk. This leads to the

question: If Booker is supposed to be just an OC, then why is Cowboy Alchemist afraid to give him logical character flaws?

Cowboy Alchemist's OCs also are the ones who usually call out the canon characters on their mistakes, yet Cowboy Alchemist writes his fics such that no character ever calls the OCs out on their actions, even if those actions are arguably worse than what the canon characters did. This is something that even Tv Tropes editors have pointed out

- Unintentionally Unsympathetic: Booker is meant to come off as a Tragic Hero whose aggression is due to trauma from his past. However, there's plenty of characters in *The Owl House* who also suffered from intense trauma, who don't act nearly as hostile. There's also the fact that he's rarely called out on his actions, his beating of Edric and Emira being a particularly infamous example.

From the YMMV page of The Seventh Son Tv Tropes.

Cowboy Alchemist's OCs rarely(if ever) being called out for their actions is also a common occurrence across all his main fics, as evidenced by these Tv Tropes pages.

- Unintentionally Unsympathetic: Frank is meant to be a Jerk with a Heart of Gold with a Dark and Troubled Past. However, to date, his actions include using deadly force when it was not needed (such as when he wounded Domino 2 when she was flying after Anne to the point where she tried to fly off only to get herself impaled on sharp rocks due to her injured wing), darkly laughing at Sasha's plan to kill Hop Pop (something even Sasha herself is disturbed by), telling Sasha that he wishes he'd leave her to die in Amphibia if she wasn't needed to get back home, looking up Anne's skirt (albeit by accident), and getting angry at Anne and Marcy for wanting to reconcile with Sasha. At no point is he called out for any one of these. Moreover, some readers might find his backstory more contrived than tragic, due to it being less a deliberate frame up by Sasha, and more due to bad luck and the actions of characters who hate him for no discernible reason.

From the YMMV page of Living In A Frog World Tv Tropes

- Unintentionally Unsympathetic: Patrick Pines was meant to be a protective older cousin with a tragic backstory — haunted by the death of his younger brother Shawn, burdened with anger issues, and trying to shield Dipper and Mabel from danger. However, while some emotional depth is added, Patrick ends up nearly stealing Dipper's spotlight and recycling half his story beats, copying Dipper's curiosity, phrasing, and even his dynamic with Wendy. The peak example is the "Scary-oke" episode retelling, where Patrick punches Dipper in the face for caring less about the fact that he started a Zombie Apocalypse and more about Stan not denying that magic is real. At no point in the fic is he ever called out on his anger issues.

From the YMMV page of Weirder Things Tv Tropes

Someone also actually did confront Cowboy Alchemist about this, only for Cowboy Alchemist to act defensively by deleting their comment.

I'm about to get pissed off, because WTF?
Frank is not a self-insert, he is an original character. I genuinely don't understand how people like you can mix that up. He has his own personal life, his own backstory, and his own personality. Does that sound like a self-insert? Because it doesn't to me!
The only thing he has in common with me is that he's Hispanic.

I mean you can SAY that all you want, but it is suspicious that every single fic you've ever written always has an "OC" character that gets shipped with a fictional one, not only that but all of them are with underage characters....
You saying they aren't self inserts isn't very convincing given your pattern of writing these kinds of fics, you can't be surprised when people assume they are. Nor should you be surprised if people seem to think you have a "thing" for underage girls. If you want people to not think that, maybe you should try writing a different kind of fic, just saying.
Reply

Any one of these factors would be innocent enough on their own, but when you combine all of the tropes and writing decisions Cowboy Alchemist's fics feature, as well as the behavior of Cowboy Alchemist regarding his OCs, you start to realize that his OCs are actually self-inserts.

# NSFW content involving underaged characters

**This subtab has 2 pages in total. It is a heavy topic. It involves talking about child sexual abuse material in real-life situations to drive home how harmful CSAM is. Trigger warnings apply.**

---

**. . .**

## **“It’s fictional. Get over it.”**

With the rise of child sexual abuse material (CSAM) being produced at a rapid rate by ai, it’s very easy for pedophiles to get their hands on CSAM, and even produce it themselves now, all seemingly without abusing a real-life child.

This assumption is wrong.

**We are going to go over a few defense points pedophiles make about these images and similar things. All of this logic applies to lolicon/shotacons as well.**

Generative ai steals content and images to make “new” images. We know this when it first started surfacing on sites like twitter, where the CSAM problem is very rampant (thanks, Elon).

In order for ai to make child sexual abuse material, you need a **source material.**

Where do you think AI-generated CSAM comes from?
Images and photos of real children being abused, exploited, and murdered for profit and sexual gain from pedophiles. AI also cannot create new faces. Every face made by ai is a real child who was harmed.

“But if the picture was already taken, there’s no active harm coming to the child.”

This is false.

When an image of a child is shared, even if that child is out of that situation, the child runs the risk of being recognized in public. Pedophile rings are extremely common, and most times, pedophiles do not work alone. CSAM is shared, exchanged, traded, sold, and within these rings pedophiles are also partaking in trafficking rings as well. Children are also being groomed, which runs the same risk of being kidnapped and used for the sexual gain of pedophiles, but now it's in real life, instead of over a screen.

And besides those facts, a child remembers. Their bodies remember. They know their bodies are on the internet, and if the people who want to see it go looking in the right places, it can be found. The internet is forever, and that child's abuse is now immortalized.

"Viewing fictional child porn is healthier, because it can help a pedophile to not harm real children."

**This is a statement that has been proven to be false.**

When pedophiles indulge in things like CSAM, drawn or not, eventually it will not be enough. Seeing children on a screen will not be enough to get off to. Eventually they WILL start seeking out children to prey on in real life. And a pedophile will always reoffend when given the chance.

A pedophile cannot be saved, rehabilitated, changed, or otherwise "helped."

A dead pedophile will never reoffend.

You do not care for children if you view CSAM in any way. Child "porn" is not a real thing, as it gives the idea that children can consent. **Children cannot consent**.

CSAM/CSEM is a traumatizing, life-altering event for a victim. Child sexual abuse material should not be a thing, it should not be so easily

accessible, and it should have never been so easy to produce, especially now.

# Category 2: Server Claims

**This section is short. It has 8 pages in total, <u>but it is important</u>.**
**Please take the time to educate yourself on this topic.**
**Trigger warnings apply for homophobia, misogyny, and more underage nsfw art.**

---

As a reminder, here are the claims against CA in this section:

**Server claims against CA:**
**Allowing lesbian fetish** art in his server (while not allowing things like mlm/gay shipart or nsfw art), having a **completely unmoderated server** and allowing his members to run wild, post heinous things, and indulge in harmful mindsets and fetishes.

**In short: homophobia.**

As stated before, there is a subtab that highlights two members in particular, as an example of how bad this server has gotten.

## <u>We are going to start with the homophobic claims first.</u>

Please keep in mind: Fetishizing lesbians is homophobic. Not allowing mlm/gay art is also homophobic. Overall, CA and his server are very homophobic.

I'm labeling this as homophobia because as a gay man, I can identify the difference between what's a preference and what is a fetish. I also have lesbian friends.

"How is it homophobic to like lesbians?"

First of all, most of (if not ALL) of the members of CA's server are cisgendered (meaning, not transgender) and straight men.

This means they are men who are not transgender in any way, ergo

cisgender. They are straight, meaning they are attracted to women.

Lesbians are women and/or nonbinary individuals who are attached exclusively to other women and/or nonbinary individuals. This includes trans women, and some people may use terms like sapphic if they also like people who are feminine but don't completely identify with the label "woman".
A woman or anyone who falls under a feminine gender umbrella, can use the terms lesbian and/or sapphic as they please.

MEN, however, are not allowed to use the terms lesbian OR sapphic, as they are not women or identify as women, or anything femme. This also goes for cisgender GAY men who like other MEN, or masc-aligned individuals.

Straight cis men will use the identity lesbian as a way to invade women's spaces, or say they "like when girls kiss", etc, things like that, to show some sort of allyship.
**Fetishizing lesbians is not lesbian acceptance**! **Lesbians are PEOPLE** outside of their queer identities, they are **not a porn category**!

**Stereotypes**, whether in negative or positive light, **are bad**.

# Discrimination against lesbians

Article Talk

From Wikipedia, the free encyclopedia

**Discrimination against lesbians**, sometimes called **lesbophobia** or lesphobia, comprises various forms of prejudice and negativity towards lesbians as individuals, as couples, as a group, or lesbianism in general.

Examples of discrimination against lesbians include, but are not limited to, discrimination in housing and employment, physical or sexual abuse including corrective rape, lack of legal protections for lesbian couples to care for one another, removal of children from lesbian mothers, negative stereotypes and negative media representation, verbal harassment, legal persecution and imprisonment, government censorship, and familial and/or community rejection.

Lesbophobia is analogous to gayphobia.

*From this wiki article on lesbians and discrimination*

A big part of CA's OCxCanon stories is that a lesbian character's identity is erased. Amity is a lesbian, and her relationship with Luz, a bisexual person of color, is erased entirely to be shipped with a man.

Why, it's 18+ chat, isn't it?
Cowboy Alchemist 8/14/24, 1:13 PM
Because I don't want to see it. No one wants to see it.

A user had sent gay NSFW art to their NSFW channels. The user correctly points out the channel is 18+. But CA says “No one wants to see it.”

But you want to see lesbians, most times underaged, doing sexual acts?
Do you see now why it’s a problem?

Gay men have been demonized, tortured, and murdered all throughout history simply on the basis that they’re gay. They are also objectified sexually.

Lesbians have faced sexual objectification, corrective rape, and invisibility throughout history. All queer people have it bad, but queer women, queer women of color (more specifically black queer women), are always overlooked and ignored.

This also happens with trans men and trans women, but because it's a person who was assigned male at birth transitioning to be a woman (trans woman), they are labeled as predators, groomers, and perverted creeps, based on no evidence other than “transgender people are unnatural” (this is untrue and there is physical evidence to support that transgender and nonbinary people have existed throughout history).
Trans men are the opposite. Trans men are people who were assigned female at birth and are transitioning to be men. Trans men, when

people remember they exist, are labeled as “confused girls” who have been groomed by other queer people. This is also not true.

To continue with the screenshot above, here is what was actually sent:

Then go get a girlfriend. Do not put lesbians in the middle of your sexual perversion while bullying gay men.

Obviously CA and his server are not going to take homophobia accusations seriously, as they clearly don’t care who is queer until it suits their sexual desires. However, a fanfiction writer who continues to erase identity in favor of what his degenerate fanbase want will not make it far on social media or in fanfiction spaces with real writers.

I think this entire page sums up the entire section of claims well enough. If I find more things to include, I will.

Please move to subtab 2 for a look at two server members specifically. It highlights the absolute deranged shit going on in this server and how CA willingly turns a blind eye.

Ryuma217 (User ID: 310935603304988672): This individual not only kept posting NSFW artwork of minors, but when confronted about it, he got incredibly angry and kept using the excuse of them being aged up despite them very obviously being underage. Furthermore, Cowboy Alchemist did little if anything to warn him and even favourited the content that Ryuma was posting. To that end, Ryuma posted clearly underage characters with the tagline of “they’re 18” just to get at said user who confronted them about it.

LonelyFanboy48(user ID: 1090786833866170468): Arguably the most infamous of Cowboy Alchemist’s fans, LonelyFanboy has openly admitted to having a “kink” for minor boys in sexual situations with older women. Regarding this, he has made artwork featuring Twig(a humanized version of Sprig Plantar), who is depicted as a child with an aged-up calamity trio. Apart from that, LonelyFanboy48 also shares a lot of disturbing artwork from the notorious artist JaviSuzumiya, including the picture of a 23 year old Anne raping a 12 year old Twig shared in the doc above. He has been confronted about this, but justifies it by saying that “It’s his kink”. This is just completely wrong for obvious reasons. Attached below are the relevant screenshots.

MY NAME IS ANNE BOONCHUY, I'M 23 AND THIS TWELVE-YEAR-OLD BOY IS MY BOYFRIEND... I MET HIM THREE MONTHS AGO WHEN HIS SCHOOL HAD A FIELD TRIP TO THE MUSEUM WHERE I WORK. DURING THAT TIME, I'VE HAD SEX WITH HIM SO MANY TIMES I'VE LOST COUNT. I FOUND OUT THAT WE LIVE A FEW BLOCKS AWAY. I LIVE ALONE, SO IT'S EASY FOR HIM TO COME TO MY APARTMENT AND HAVE SEX WITH ME SEVERAL TIMES A WEEK.
AT FIRST HE WAS VERY SHY BUT NOW HE HAS BECOME TOTALLY ADDICTED TO SEX. WE USUALLY DO IT WITHOUT ANY PROTECTION, AND I ALWAYS LET HIM EJACULATE INSIDE. EVENTUALLY I GOT PREGNANT WITH HIS BABY. HE HAS WONDERED WHY MY BELLY HAS GOTTEN BIGGER. IT'S OBVIOUS THAT HE DOESN'T KNOW THAT HE IS GOING TO BE A FATHER OR EVEN HOW BABIES ARE MADE. THAT'S CUTE, BUT SOONER OR LATER I'M GOING TO HAVE TO TELL HIM.

This is the artwork shown earlier in the doc. Keep in mind that LonelyFanboy48 is an adult. He should know that this sort of thing is morally reprehensible and that he should not endorse this kind of artwork, much less share it to others. The fact that he still chooses to says a lot about who he is as a person.

If they were real people, your argument is almost 100% valid to me. Look, it's my kink and really, I just don't take depictions of minor cartoon characters in these situations seriously. If they were based off of a real life minor, then I'll draw the line. Like is it hard to understand that these types of stuff doesn't make me see sa as a serious problem instead of saying (would you're probably are thinking of) is OK? Because I'm aware it isn't but still.

## Why was this saved for last?

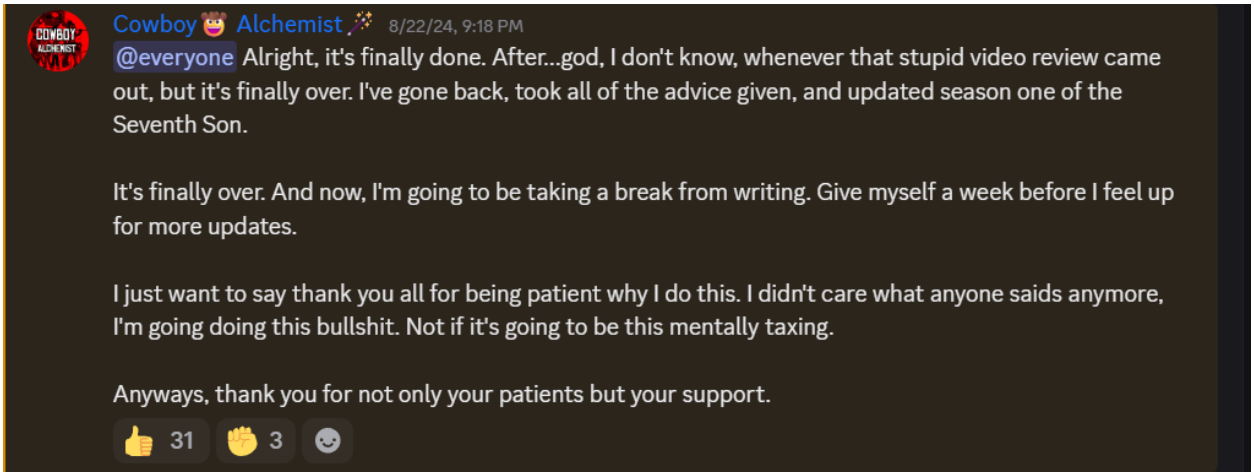
While it isn’t as important or as bad as the first few claims, it is important to note how his behavior has been overlooked by his server members. It seems to have been overlooked because **he’s fostered an environment where everyone is exactly the same**: Everyone has a pedophiliac, rapist mindset, and engages in things like drawn incest, sexual art of underaged characters, and excusing horrific things as “jokes”.

None of this is in any particular order, as it all connects to each other in some way. I have tried to make it all as fluid as possible, but some things may jump from point to point. Apologies! I have a lot of weird screenshots of what he’s said that has been sent to me and it’s hard to highlight all of it. This section isn’t as important, but I decided to

include it because while it doesn’t seem important in the long run, it does show his personality, mindset, and who he is fundamentally as a person.

There is a third tab for anonymous statements, and there is a conclusion tab at the very end. It states the closing thoughts.

Please take a look at this announcement CA made to his server when a review video of his Seventh Son fic came out:



Cowboy Alchemist 8/22/24, 9:18 PM
@everyone Alright, it's finally done. After...god, I don't know, whenever that stupid video review came out, but it's finally over. I've gone back, took all of the advice given, and updated season one of the Seventh Son.
It's finally over. And now, I'm going to be taking a break from writing. Give myself a week before I feel up for more updates.
I just want to say thank you all for being patient why I do this. I didn't care what anyone saids anymore, I'm going doing this bullshit. Not if it's going to be this mentally taxing.
Anyways, thank you for not only your patients but your support.

Right off the bat, you can see he really does not take kindly to criticism, as he calls the review video stupid.
This is not the first time he also has been rude or passive aggressive to criticism or to server members in general.

[redacted] STAR 4:56 PM
How will that work? Last time that happened to Anne in canon is that she never got back to school so people won't get curious on what the hell happened to her and the girls while they were in Amphibia. Won't that imply that something strange happened that made him and the girls disappear or is there gonna be some forms of half truths regarding what happened to him and the girls to keep what really happened a secret? Im not against frank having his theft charge lifted. I'm just curious.
Cowboy Alchemist 4:57 PM
Thank you for ruining that idea.
Alright, time to come up with another idea.
@Cowboy Alchemist Thank you for ruining that idea.

(At the end of "Fancy Restaurant", when the party moves to the Geasy Diner, Marius kisses Grenda on the cheek. Grenda responds by throwing the boy on the table and jumping on him. The two make out, as the Pines kids watch on.)
Dipper: You want my pancakes?
Patrick: No thanks. I lost my appetite.

XD that sounds something they would do.
Cowboy Alchemist 12/30/25, 9:12 PM
And if anyone wants to complain, need I remind you we saw Grenda sucking lips with the guy at the end of the show.

This is an attack toward those who would inevitably complain that both Grenda and Marius would be at least 13 during the events of this chapter. He has previously been called out for including the scene of 14 year old Skara and Bo making out in "The Seventh Son", so this just proves that he learnt nothing at all from that experience.

Moreover, if you watch the end credits of Weirdmageddon Part 3, you will see that Grenda and Marius are just kissing each other. There's no making out involved.

just that in the lemon fic, Patrick expressed surprise at finding out that Jackie is a mermaid so if the above conversation took place before that happened, then he should know that Jackie was a mermaid in said lemon.

If it makes you feel better, I will go back in and completely rework the story, just to make it fit a story that's not even canon.
I mean, I would have to take time away from my other projects.
Or, you could accept that the story is both canon and non-canon like I said. (edited)
[redacted] FROG 12/17/25, 6:56 PM
okay then

This is his reaction after being notified about a continuity error with his fics. Also, how exactly can a story be both canon and non-canon at the same time? I don't think even he knows what he's talking about here.

That's actually a good idea.

Cowboy Alchemist 2/10/26, 2:35 PM
It pain me so much to use an idea of his, but...
I'm try to put in a Hilda reference.

Here, Cowboy Alchemist is actually using an idea that someone else gave him, but he is visibly unhappy about it. Why does he need to be this rude about it?

Apart from that, Cowboy Alchemist is also a hypocrite. Below is a screenshot of him showing disgust at the ship "Pincest"(a problematic ship involving the siblings Dipper and Mabel Pines)

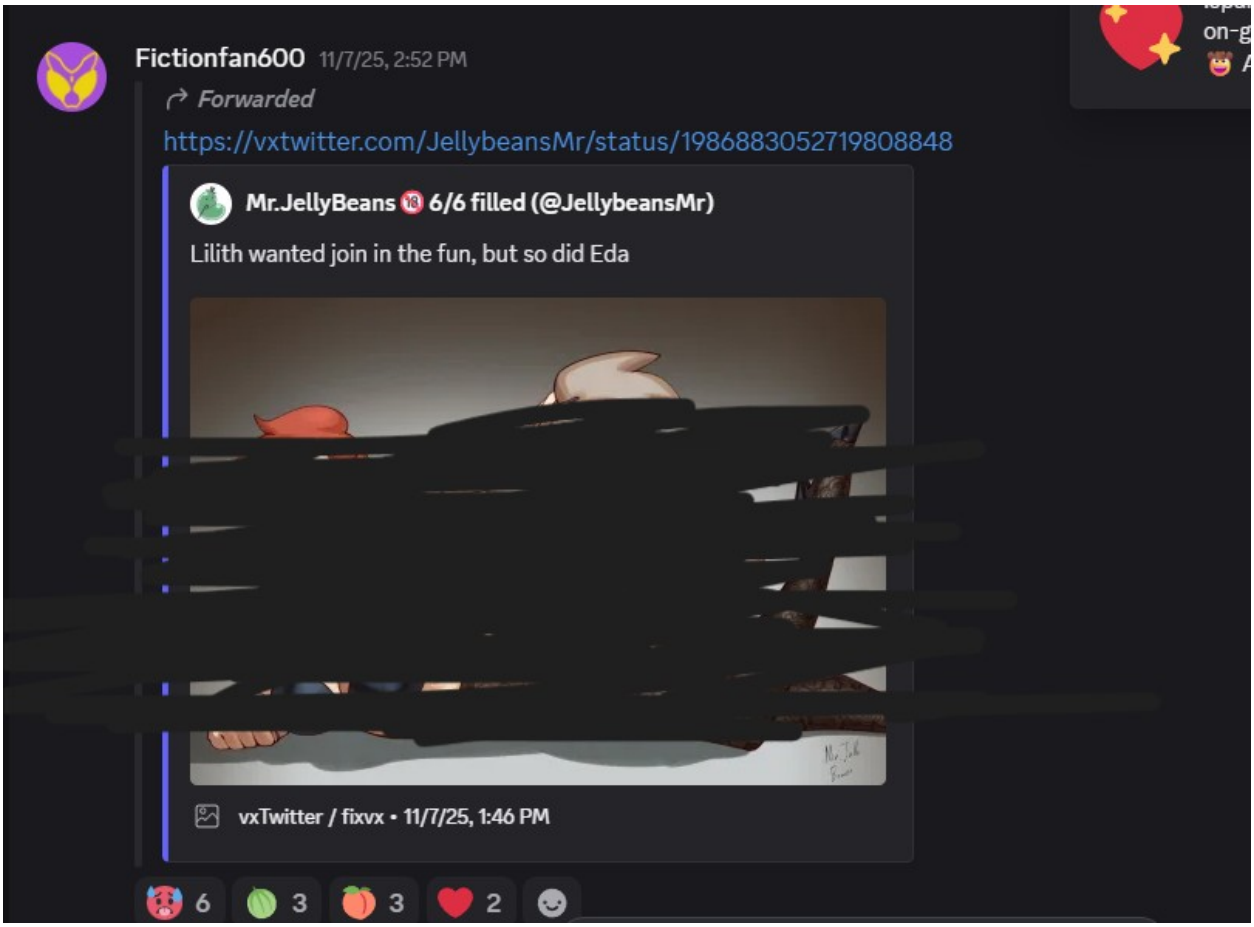
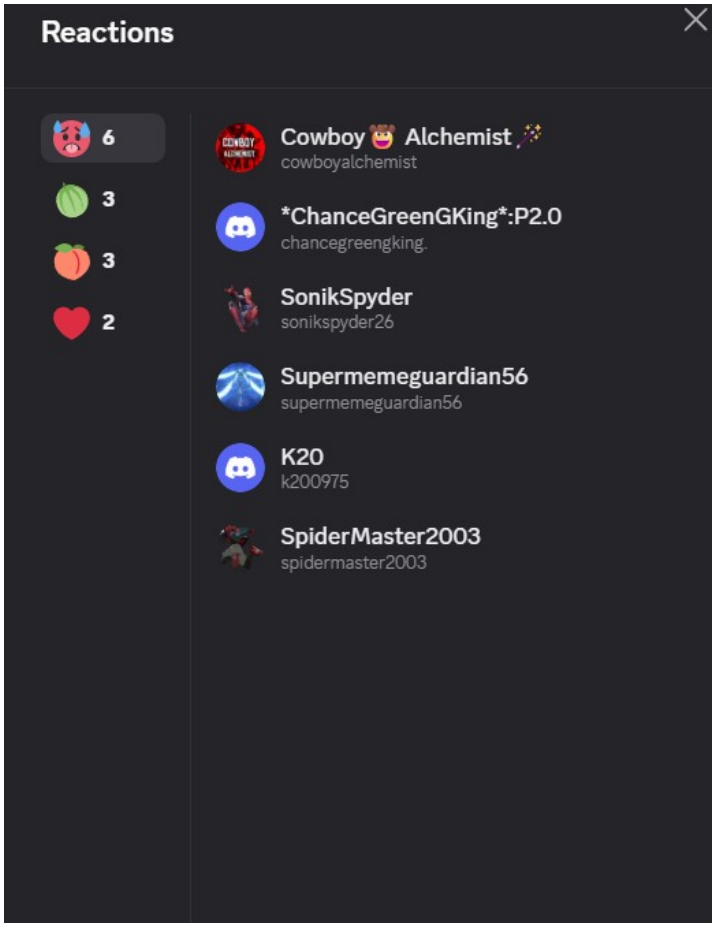
Yeah, I'm just as disgusted as you.
Cowboy Alchemist 3/28/23, 8:29 AM
Makes me wonder why I bother letting him stay on the server.

From this, we can understand that Cowboy Alchemist hates incest(as he should), right?

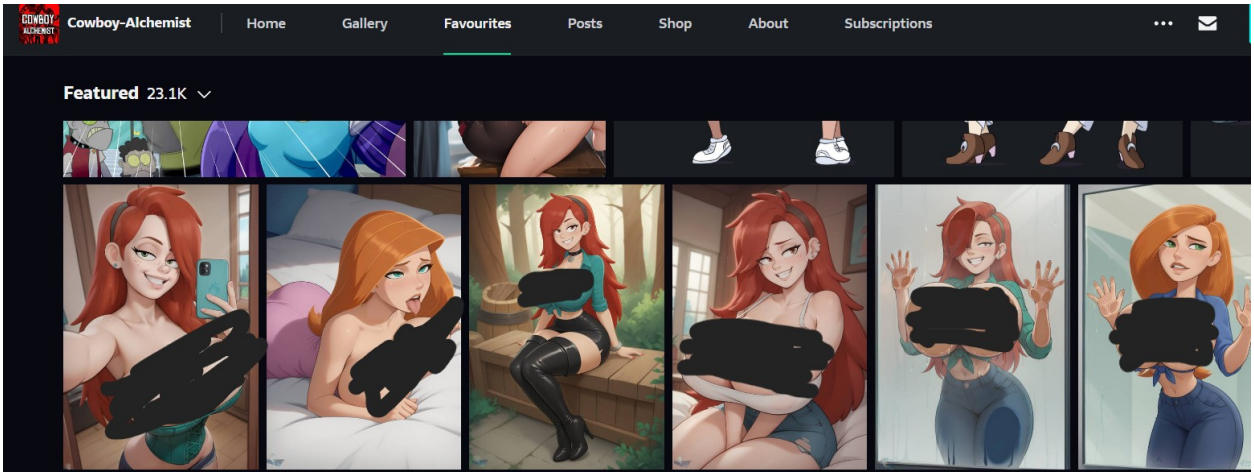
Not exactly, as he has also supported incest art that featured Lilith and Eda Clawthorne





Cowboy Alchemist has also openly stated his disdain for AI art and artists

But if you look at his deviantart favs page, a considerable amount of the artwork he favorited is made by AI(and also explicit artwork that more often than not, features minors.)



Here is an example. It is important to note that not one of the girls depicted here are 18, or have any indicators to show that they are aged up.

Given below are samples of Cowboy Alchemist’s favs page. Notice how a majority of the pics are porn and a lot of them are AI generated? It has been estimated that at least 70% of his favourites contain nothing but pornography.

# Anonymous Statements

**This tab has 3 pages in total.**

---

There are some people who have requested to make a statement, and for their safety they will be kept anonymous.
There are 4 anonymous statements.

**Here is a bit from Anonymous 1:**

“I was a fan of Cowboy Alchemist’s fics and joined the Cowboy Alchemist server in order to interact with him and his fans. I initially thought that it was a fun community of writers and artists, if you ignored the constant, often disturbing jokes about sex and violence in the role-play chats. This feeling did not last, however, as I got to witness firsthand how Cowboy Alchemist treats his fans and people suggesting ideas for his fics. I felt like he was being unnecessarily rude, but justified it at the time by saying “He’s rude because he gets stuff like this all the time.” This attitude however, diminished.

Things only got worse when I turned 18, which granted me access to all the NSFW channels on his server. There, I saw extremely disturbing art depicting both pedophelia and incest, and that Cowboy Alchemist wasn’t doing anything about it. In fact, he himself shared such art on occasion. The rules of the server forbid the sharing of such art, but that rule is ignored practically every day. It also didn’t help that people who called out this hypocrisy were being rudely told to ignore it because “We’re ruining their fun”, which is an attitude Cowboy Alchemist himself supports.  The toxicity of his server, combined with his extremely disturbing Deviantart favs page finally made me realize that Cowboy Alchemist is not a misunderstood OC x canon writer, but a degenerate creep who supports pedophelia and does nothing to limit his disturbing server.”

**Anonymous 2:**

“I thought he was kinda cool at first and I figured he was simply misunderstood because of other OC creators. Though now it's evident when you take a closer look at a lot of everything, especially when

you've seen his fans on his server. Adding innuendos/certain scenes where it really doesn't belong in the original shows, mostly talking about sexual stuff here. Sex doesn't need to be everything. One example being a literal SA
scene that involved Momo in his My Hero fanfic, who would be 14/15 at the time. That's pretty gross to add. Along with how he lets his server act, my opinion has really dropped from before.”

**Anonymous 3:**

"I first heard about Cowboy Alchemist when AstroEvada decided to review his fic "The Seventh Son." At some point I decided to look at Cowboy Alchemist's profile on fanfiction.net, I think Astro had mentioned to me that he had also written an Amphibia fic with a similar premise to Darrel.  However when I looked at his profile I noticed that he had a large number of "smut fics" (he says what they are in the description). The first one I happened to read was one involving his "OC" (Patrick Pines) and Wendy from Gravity Falls having sex…
I won't go into details, but needless to say I was put off by his very graphic descriptions, and certain terms he likes using to describe certain body parts. That and the fact that said character he was having sex with was only 15 in the source material (in the story both characters were aged up to be over 18, but I hardly feel that excuses it.) I did find myself laughing at certain points while reading this story, mostly because of his inaccurate descriptions and clear misunderstanding of how sex works.
I'm not sure exactly how many smut fics he's written and I don't care to read them all, but from that point onward I began to view Cowboy Alchemist in a different light. Especially since I was aware that Cowboy Alchemist himself was a man in his late 20s, shipping himself with underage fictional characters.
I eventually left a review on his "Seventh Son" fic that went into detail of the fics many flaws, while also expressing concern over the fact that he was shipping his self-insert with both Luz and Amity Blight (a character who is canonically a lesbian), that in and of itself did not feel right, it felt like he was "straight-washing" a character just so he could

have a love interest. It just doesn't feel right that he has to ship himself with not only Luz but Amity too. This feels like blatant wish fulfillment."

**Finally, Anonymous 4:**

“I remember first seeing Cowboy's art when Darrel made an animation of ca's owl house oc holding hands with luz and thought it was darrel's oc, and then i found out he got backlash for saying it was an animation for a friend and said who the original person was. I checked the guy's art and I thought it looked kinda ass. My least favorite art however is the fact that he lesbian erased Amity, made her bi in his au, just to ship her with his male oc, which now that I see he favorited underage porn of amity on his deviantart account, it makes me think booker was a self-insert of his and he was projecting his sexual attraction to a minor, and was like those toxic men that think they can "make a lesbian straight" it was so obvious it was a fetish of his. Now I know what you're wondering [Anonymous, why do you care so much] because I am a lesbian myself, amity is a comfort character for me and i have a lot in common with her, I have tiny hands like hers, I am a lesbian disaster around women, and I love nerdy stuff like Amity. seeing people make disgusting art of making Amity straight feels like they are trying to make me straight and erase my existence or that I was born as a mistake or something. and yes i am autistic and have the tendency to think of a cartoon character as a real person. maybe it's my empathy talking or im just really fucking stupid, either way what CA is doing is disgusting, illegal, and downright predatory.”

# Conclusion

As stated in the background info tab, the purpose of this document is not to slander, incite harassment, or ruin anyone's image.
If the actions in the doc make you look bad, **that is on you**. You are an adult who can take responsibility for your actions.

And obviously CA knows what he's doing is wrong. He had to put in a rule that states CSAM is wrong, yet shares it in the same server behind locked chats where he knows he won't get pushback. And if he does, his loyal fanbase is there to defend him and his weird mindset.

## To Cowboy Alchemist specifically:

You have a misogynistic, rapist mentality, and it presents itself strongly in the way you write about, talk about, and objectify women, lesbians, and underaged female characters.
You allow your server members to do the same things, all the while pretending you're against it to the general public.
Obviously, no one can change your actions but you. But in order to change, you need to admit there's a problem, which I'm not confident you'll do.
And if you don't change, this problem is going to persist. You will continue to be documented, written about, and exposed for being a degenerate creep, all because you couldn't suck up your pride for a few minutes and take a look at yourself and wonder if there really is a problem with you.
It's no one else's fault but yours. YOU chose to share these images, write these stories, and surround yourself with pedophiliac/incest lovers. If you think you aren't a pedophile, prove it. Get off the internet, get help, take accountability, and change, before it's too late and actual consequences happen to you in real life.
Because if you think a google document detailing your predatory mindset is scary, then the police finding out what you've been up to and discovering it's potentially something worse than this is much, much worse.

Thank you for reading this document. Again, harassment and waves of hate are not a necessary action and are not condoned at all. Any hate sent CA's way is not my fault, and it is not the fault of previous server

members who have come forward.
